Discourse on Hamlet and Hamlet K. R. Eissler,1986 *Discourse on Hamlet and Hamlet* Kurt Robert Eissler,1971

The Unconscious in Shakespeare's Plays Martin S. Bergmann,2018-05-01 Just as concerts emerge from the interaction of many instruments so our understanding of Shakespeare is enriched by different approaches to him Psychoanalysis assumes that creative writers have the need to both reveal and conceal their own inner conflicts in their works They leave residues in their works that if we pay attention can become building blocks that reveal aspects of the unconscious Readers may find that the questions raised add to the pleasure of reading Shakespeare and that they deepens their understanding of his plays Topics covered include the pivotal position of Hamlet the poet and his calling the Oedipus complex intrapsychic conflict the battle against paranoia and the homosexual compromise By using psychoanalytic techniques in analyzing his plays and characters the author reveals more about Shakespeare s hidden motivations and mental health **Psychoanalysis and**

Creativity in Everyday Life Gemma Corradi Fiumara,2013-05-29 Psychoanalysis and Creativity in Everyday Life Ordinary Genius is an attempt to create a psychoanalytic space for the quest and questions of our everyday creativity Official creativity is normally applauded to the point of obscuring all other types of creativity with detrimental consequences for our psychic life However as Gemma Corradi Fiumara demonstrates the creative force of ordinary subjects can be as vigorous as that of our acclaimed official accomplishments Corradi Fiumara focuses on the unsung creativity which emerges from relationships and the world at large She explores how understanding the operation of creative impulses in an everyday setting can crucially inform psychoanalytic clinical work There are three main themes Donald Winnicott s Psychoanalytic Will Melanie Klein and the Other Side of Genius Genius Ordinary and Extraordinary Psychoanalysis and Creativity in Everyday Life advocates an inclusionary view of human genius and demonstrates that creativity and genius can be manifested in everyday life with the ordinary as its focus of attention It will be key reading for psychoanalysts psychoanalytic psychotherapists philosophers and scholars in social studies Christian Settings in Shakespeare's Tragedies D. Douglas Waters,1994

Battenhouse s Shakespearean tragedy Its art and Christian premises Irving Ribner s Patterns in Shakespearean tragedy Virgil K Whitaker s The mirror up to nature The techniques of Shakespeare s tragedies and Robert Grams Hunter s Shakespeare and the mystery of God s judgments Waters questions for example Battenhouse s validity of Christian theological and didactic emphases on the old purgation theory of catharsis His approach differs also from Northrop Frye s views on the tragedies in Northrop Frye on Shakespeare an archetypal approach to representative plays including the tragedies **Final Acts** Tom Ratekin,2010-07-02 Writers facing death offer a rare glimpse into human mortality they have the unusual opportunity to craft the closing chapter of their life stories Final Acts explores memoirs of terminal illness and shows a paradoxical pattern where the diagnosis of terminal illness evokes not despair but a new freedom and richness in life The memoirs analyzed by Allon

White Harold Brodkey Gillian Rose and Derek Jarman provide insight into the experience of radical contingency that an awareness of mortality brings Tom Ratekin engages the concept of traversing the fantasy elaborated by Jacques Lacan and Slavoj i ek to argue that the new richness in life each of these memoirists experiences arises from the abandonment of a particular fantasy that guided his or her earlier work a fantasy that both protected and inhibited the memoirist Freed from convention these writers while close to death can reinterpret the stories presented in their earlier work and gain new perspectives on their worlds and existence

Hamlet on the Couch James E. Groves, 2017-10-19 *Hamlet on the Couch* weaves a close reading of Shakespeare's Hamlet with a large variety of contemporary psychoanalytic and psychological theory looking at the interplay of ideas between the two Hamlet can be read almost as a psychoanalytic case study and be used to understand and illustrate a range of core psychoanalytic concepts Covering such basic psychoanalytic concepts as identity transference and countertransference the good enough mother the compulsion to repeat and the death instinct James E Groves shows how Hamlet can shed new light on understanding psychoanalytic theory and how psychoanalysis can in turn enrich our understanding of Shakespeare's work Perhaps the most radical feature of psychoanalysis is its tradition of self examination Mirroring it the book throughout uses an eclectic subjective critical approach to study how the poetry of Hamlet creates its realistically flawed and believably complex characters Combining deep insightful knowledge of Shakespeare and of psychoanalysis *Hamlet on the Couch* will be of great interest to psychoanalysts and psychoanalytic psychotherapists as well as literary scholars

Hamlet and Fratricidal Difference Joel Fineman, 1974 *The Indirections of Desire, Hamlet in Goethe's "Wilhelm Meister"* David Roberts, 1980

Bibliography of the History of Medicine , A Theatrical-critical Approach to Hamlet's Women for Actors and Critics Sabrina Klein Yanosky, 1987

Chicago Psychoanalytic Literature Index , 1982 *Pathological Communications in Hamlet* Christopher Pasles, 1977

The Psychoanalytic Quarterly Dorian Feigenbaum, Bertram David Lewin, Gregory Zilboorg, Frankwood Earl Williams, 1977

Primitive high gods by G eza R oheim v 3 no 1 pt 2 133 p

Literary Criticism and Psychology Joseph Strelka, 1976 The psychological problems within literary study are manifold The most important for investigation include the writer himself as a psychologically complex person involved in the creative process the work of art itself as a psychological stimulus and the response to the work by the audience Each area generates its own psychological questions The greatest error on the part of the literary critic would be to reduce a work's literary aspects to psychological means and ends to psychologize it totally and thus to abandon literary criticism as an autonomous discipline A psychologist may do this legitimately but a literary critic cannot although this by no means precludes the critic's bringing a knowledge of psychology to bear on his own work The contributors to this book consist of critics psychologists and some who are both
