Successful early childhood program transitions involve the coordination and continuation of developmental and comprehensive services from birth through age eight. This guide is designed to facilitate the successful transition of children and their families into and out of Early Head Start and Head Start programs and assists in planning for daily transitions to home or child care settings.

Module 3 Making Connections with Other Programs involves assessing and strengthening the relationships among sending and receiving programs.

Module 4 Accessing Services through Community Linkages encourages staff and parents to identify services gaps with activities to create an interagency planning team and develop strategies for gaining and sustaining the support of staff and parents.

Each module contains workshop and coaching activities, outcomes, key concepts, background information, preparation notes, ideas for applying skills and resources, and handouts.

Section 2 of the guide Informational Resources includes summaries on transition planning, comprehensive services, and effective transition practices; program profiles describing promising practices; tools to help in organizing planning; and an annotated list of 24 resources.
