Sellier, 1995 Based on new expeditions and scientific investigations this exciting book shares the secrets uncovered in the greatest archaeological find of the millennium From astounding eye witness accounts and mysterious artifacts to government cover ups and top secret photos the evidence of Noah's Ark is all compiled here for the reader's evaluation and amazement

**The Opposite Is True** Melchizedek, 2014-04-15 This Author a fully documented proveable and accurate Visionary for future events has turned his magnetic mind for Truth to providing real answers to the most controversial subjects prevalent in the world today Aside from accurate details Proving the Discovery of The Real Noah's Ark with chapters like Heaven Hell Life After Death The Various Denominations of the Church Islam and Other So Called Religions Good Health and Longevity Feminism Birth Control and

Abortion Sexual Transgressions Sodomy and Lesbianism Languages and Tongues Their Original Root Who or What is Really the Antichrist Extraterrestrial Life Beyond this Earth The Root Cause of All of Mankind s Suffering Armageddon and the Actual End of the World and many more equally challenging topics The Opposite Is True will be more than just a Revelation for you This is a True Epiphany Once you begin this journey mapped out in the pages within you will be unable to stop until the Grand Finale is reached Then you will have to conduct a complete reassessment of most of all of the things you actually believe in The Real Truth is that a massive deception on a monumental global scale has been released on the world stage these past hundred years or so successfully brainwashing the masses into believing an elaborate labyrinth of fiction so colossal in scale it is truly mind numbing You will not be the same person ever again after reading this Treatise Tread very carefully indeed Bless you     The Discovery of Noah's Ark David Fasold,Sidgwick & Jackson,1990     *Discovered Noah's Ark* , Hardcover Ron Wyatt1,Mary Nell Wyatt Lee,2014-06-11 Archaeological discovery of Noah s Ark by Ron Wyatt in Northern Turkey     *The Archaeological Evidence of Noah's Flood and Ark* Philip Ernest Williams,2011-06-28 The author was completing his twenty year systematic investigation of the archaeological evidence of a worldwide flood when Hong Kong explorers announced their 2010 discovery on Mount Ararat in eastern Turkey Pottery found in what appears to be the remains of Noah s Ark relate to a ceramic assemblage that archaeologists see originating on the plains of Ararat and from which the author traces a second worldwide dispersion of mankind Using forensic analysis Williams previously identified what are now understood as ancient religious burials resulting from a worldwide flood radiocarbon dated to about 2400 BC Should his findings withstand the intense scrutiny invited by the author it will rewrite the history of the ancient world Accordingly the advancing edge of belief and learning must return to the biblical foundations that the West has rejected since the Enlightenment     **Discovered** Ronald E. Wyatt,1989     *Noah's Ark Discovered* Cory Coston,2024-07-17 For the first time in recorded history a new and unique history of our solar system will be brought to the light This discusses the chaotic events that befell planets Earth Mars Venus the moon and the sun a true history of these events as they were recorded in the ancient text of remote antiquity Also revealed are the truth about the great flood of Noah and the mystery of the pyramids on the Giza plateau The ancient records that science scholars and the world never knew existed will be revealed These records will forever clarify what has been missing in the conversation of the civilizations of remote antiquity Venture if you dare into a world of truth     An Amazing Discovery Mr. Roskovitsky,House of David,197?     The painful agony of the Evolutionist Myth Marcel Toussaint,2016-03-31 The author of this e book is an engineer and physicist who specialized in space technologies After a few years at the European Space Agency he occupied for some 30 years the position of director of studies in a Paris based industrial think tank He is the father of ten children After his retirement he endeavored to obtain a degree in theology in an academic institution frequented by numerous seminarians and members of religious orders He was appalled by what he discovered there It has been said that in the Bible everything can be put in doubt with the

exception of the footnotes This is exactly what he found out Where he had expected to receive an in depth intellectual introduction to theological matters he found himself subjected to a sort of brain washing aiming at replacing all what he had learned in his childhood and in a lifetime as a practicing catholic by the most futile modern fantasies and in particular by the imaginations of the theory of evolution Evolution is for our time what Arianism was in the first centuries the major heresy It is even more than an heresy an anti theology which attributes to materialistic processes what used to be and should always be attributed to God s power and love Nevertheless a large crowd of theologians exegetes professors and bishops adhere to this theory with an enthusiasm that they justify by claiming that science has proven its adequation to reality without any doubt Evolution is more than a theory they claim this is the consensus of the scientists and it would be a sin against truth not to admit it Refusing to accept that the author decided to inquire about the scientific foundations of evolution He quickly discovered that not only were such foundations most unconvincing but that several of the most vocal defenders of the theory candidly admitted the patent absurdity of some of its constructs Richard Lewontin and that their aim was purely ideological or rather anti religious The results of his work were published in two books *La terrible Responsabilit  de l  ex g  se moderne dans la crise de l  glise* Edilivre Paris 2015 and *Modern Exegesis the Theory of Evolution and the Decline of Catholicism in the West* 2016 Available on Amazon The present e book summarizes the scientific arguments opposing evolution with a special focus on the time line of the beginnings of mankind
