Discovering Moscow Helen Boldyreff Semler, 1989 *Moscow 1941* Rodric Braithwaite, 2009-11-04 In 1941 close to one million Russian soldiers died defending Moscow from German invasion more casualties than that of the United States and Britain during all of World War II Many of these soldiers were in fact not soldiers at all but instead ordinary people who took up arms to defend their city Students dropped their books for guns released prisoners exchanged their freedom for battle and women fought alongside men on the bloody mud covered frozen road to Moscow By the time the United States entered the war the Germans were already retreating and a decisive victory had been won for the Allies With extensive research into the lives of soldiers politicians writers artists workers and children Rodric Braithwaite creates a richly detailed narrative that captures this crucial moment *Moscow 1941* is a dramatic unforgettable portrait of an often overlooked battle that changed the world

[An Explorer's Guide to Moscow](#) Robert Greenall, 1995 *Soviet Soft Power in Poland* Patryk Babiracki, 2015-05-15 Concentrating on the formative years of the Cold War from 1943 to 1957 Patryk Babiracki reveals little known Soviet efforts to build a postwar East European empire through culture Babiracki argues that the Soviets involved in foreign cultural outreach tried to use soft power in order to galvanize broad support for the postwar order in the emerging Soviet bloc Populated with compelling characters ranging from artists writers journalists and scientists to party and government functionaries this work illuminates the behind the scenes schemes of the Stalinist international propaganda machine Based on exhaustive research in Russian and Polish archives Babiracki's study is the first in any language to examine the two way interactions between Soviet and Polish propagandists and to evaluate their attempts at cultural cooperation Babiracki shows that the Stalinist system ultimately undermined Soviet efforts to secure popular legitimacy abroad through persuasive propaganda He also highlights the limitations and contradictions of Soviet international cultural outreach which help explain why the Soviet empire in Eastern Europe crumbled so easily after less than a half century of existence
