Disclosures in Scarlet Carl Jacobi, 1972 **Short Story Index: 1969-1973**, 1974 **Supplement, 1969-1973**
Estelle A. Fidell, 1974-12 An index to 11 561 stories in 805 collections Balancing the Secrets of Private Disclosures
Sandra Petronio, 1999-12 Examines the issues of disclosure privacy secrecy to further understanding of how people balance their public private needs Of interest to scholars researchers in interpersonal comm personal relationships social psych related areas **Secrecy and Disclosure in Victorian Fiction** Leila Silvana May, 2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria s coronation to the century s end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian *The Arkham House Companion*
Sheldon Jaffery, 1989 **Highways and Byways to Health** Charles A. Hoff, 1887 *Horrors and Unpleasantries* Sheldon Jaffery, 1982 Supernatural Literature of the World: P-Z S. T. Joshi, Stefan R. Dziemianowicz, 2005 Approximately one thousand alphabetically arranged entries cover authors themes and works of the nineteenth through twenty first centuries including Alexander Dumas Charles Baudelaire Daphne du Maurier Katherine Dunn Shirley Jackson and A R Morlan 100
Astounding Little Alien Stories Stefan R. Dziemianowicz, Robert E. Weinberg, 1996 The Liability of Internet Intermediaries
Jaani Riordan, 2016-06-30 Internet intermediaries play a central role in modern commerce and society Although their economic and social importance is well recognised their legal liability remains poorly understood and until now no work has specifically addressed their legal responsibility for wrongdoing carried out by third parties using their facilities or platforms This work fills that gap by providing comprehensive coverage of the legal duties owed by intermediaries and the increasingly

complex schemes that regulate their activities The first part of the work introduces the concept of an internet intermediary general doctrines of primary and secondary liability and the European enforcement regime The second part examines the liability of intermediaries in specific areas of law with a detailed analysis of the applicable liability rules and the major English case law and decisions of the Court of Justice that interpret and apply them The final part of the work provides guidance on remedies and limitations Written by an expert author from the intellectual property chambers at 8 New Square Lincoln s Inn this is an essential guide for lawyers advising on liability privacy and online regulation **Journal of the American Medical Association** ,1899 **A Disclosure of Secrets of Heaven Contained in Sacred Scripture Or the Word of the Lord** Emanuel Swedenborg,2008 The first volume of Secrets of Heaven Swedenborg s magnum opus offers a unique insight into the spiritual message of the Bible Opening with the creation story Swedenborg describes how each step in the process relates to our growth and development as spiritual people He traces the inner history of the peoples described in the Bible and connects their story to our own trials and tribulations showing how the Flood represents the spiritual devastation that urges us to begin our regeneration **The Cumulative Book Index** ,1973 A world list of books in the English language **Our Public Offices: Embodying an Account of the Disclosure of the Anglo-Russian Agreement and the Unrevealed Secret Treaty of May 31st, 1878** Charles Marvin,1882 *Book Review Index* ,1985 Every 3rd issue is a quarterly cumulation Publishing, Entertainment, Advertising and Allied Fields Law Quarterly ,1979 American Romanticism and the Marketplace Michael T. Gilmore,2010-02-15 This book can take its place on the shelf beside Henry Nash Smith s *Virgin Land* and Leo Marx s *The Machine in the Garden* Choice Gilmore demonstrates the profound sustained engagement with society embodied in the works of Emerson Hawthorne Thoreau and Melville In effect he relocates the American Renaissance where it properly belongs at the centre of a broad social economic and ideological movement from the Jacksonian era to the Civil War Basically Gilmore s argument concerns the writers participation in what Thoreau called the curse of trade He details their mixed resistance to and complicity in the burgeoning literary marketplace and by extension the entire economic revolution which between 1830 and 1860 transformed the United States into a market society The result is a model of literary historical revisionism Gilmore s opening chapters on Emerson and Thoreau show that transcendental thought and language can come fully alive when understood within the material processes and ideological constraints of their time The remaining five chapters on Hawthorne and Melville contain some of the most penetrating recent commentaries on the aesthetic strategies of American Romantic fiction presented within and through some of the most astute thoughtful considerations I know of commodification and the democratic public in mid nineteenth century America Practically and methodologically *American Romanticism and the Marketplace* has a significant place in the movement towards a new American literary history It places Gilmore at the forefront of a new generation of critics who are not just reinterpreting familiar texts or discovering new texts to interpret but reshaping our ways of thinking about literature and culture Sacvan

Bercovitch Times Literary Supplement Gilmore writes with energy clarity and wit The reader is enriched by this book William H Shurr American Literature **The Perfect Gentleman** Harry Graham,1912 *Corporations Are People Too* Kent Greenfield,2018-01-01 Why we re better off treating corporations as people under the law and making them behave like citizens Are corporations people The U S Supreme Court launched a heated debate when it ruled in Citizens United that corporations can claim the same free speech rights as humans Should they be able to claim rights of free speech religious conscience and due process Kent Greenfield provides an answer Sometimes With an analysis sure to challenge the assumptions of both progressives and conservatives Greenfield explores corporations claims to constitutional rights and the foundational conflicts about their obligations in society and concludes that a blanket opposition to corporate personhood is misguided since it is consistent with both the purpose of corporations and the Constitution itself that corporations can claim rights at least some of the time The problem with Citizens United is not that corporations have a right to speak but for whom they speak The solution is not to end corporate personhood but to require corporations to act more like citizens
