Discourse And Destruction The City Of Philadelphia Versus Move:

Discourse and Destruction Robin Wagner-Pacifici, 1994 Preface Acknowledgments 1 A Framework for Articulating Horror 2 What Is MOVE 3 The Language of Domesticity 4 Bureaucratic Discourse The Policy the Plan the Operation 5 The Law and Its Apparatus Speaking Warrants and Weapons 6 Decarcerating Discourse Notes Bibliography Index

Theorizing the Standoff Robin Wagner-Pacifici, 2000-03-28 This book combines original theoretical analysis with real life case studies to examine the nature of the standoff Starting with the standoffs of Wounded Knee MOVE Ruby Ridge Waco Freeman of Montana Tupac Amaru Republic of Texas the author explores the archetypal patterns of human action and cognition that move us into and out of these highly charged situations and seeks to theorize the contingency of all such moments As an emergency situation where interaction is both frozen and continuing the standoff evokes original ideas about time space and appropriate or anticipated action and individuals and organisations often find their standard operating procedures and categories deflected and transformed By tracking and analysing such impositions and deflections this book aims to develop a theory of the fundamental existential indeterminacy of social life and the possible role that improvisation can play in navigating this indeterminacy and preventing a violent and destructive conclusion Co winner of the 2001 Best Book Award given by the Sociology of Culture Section of the American Sociological Association

Culture and Cognition Wayne H. Brekhus, 2015-10-02 How does culture shape our thinking In what ways do our social and cultural worlds enter into our mental worlds How do the communities we belong to influence what we notice and what we ignore What cultural variation do we see in cognition What general patterns do we see across this diversity and variation In this lively and engaging book Wayne H Brekhus shows us the many ways that culture influences our cognitive thought processes Drawing on a wide range of fascinating examples such as how members of different subcultures perceive danger and safety how cultures variably classify and perceptually weight race how social actors use and present identity as a strategic resource and how people across different organizational settings experience time Brekhus takes us on a creative diverse and insightful tour of the sociocultural character of cognition Culture and Cognition Patterns in the Social Construction of Reality offers an invaluable survey of a wide ranging body of research in the sociology of culture and cognition that will be an inviting resource for upper level undergraduates graduate students and established research scholars alike

Conspiracies and Conspiracy Theories in American History Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a

way for people to criticize prevailing political and economic arrangements while for society's disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations. These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society. Through interpretive essays and factual accounts of various people, organizations, and ideas, the reader will gain a much greater appreciation for a set of beliefs about political scheming, covert intelligence gathering, and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach.

Conspiracy Theories in American History Peter Knight, 2003-12-11. The first comprehensive history of conspiracies and conspiracy theories in the United States. *Conspiracy Theories in American History: An Encyclopedia* is the first comprehensive research-based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy. From the Puritan witch trials to the Masons, from the Red Scare to Watergate, Whitewater, and the War on Terror, this encyclopedia covers conspiracy theories across the breadth of U.S. history, examining the individuals, organizations, and ideas behind them. Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations. Neither promoting nor dismissing any theory, the entries move beyond the usual biased rhetoric to provide a clear-sighted, dispassionate look at each conspiracy, real or imagined. Readers will come to understand the political and social contexts in which these theories arose, the mindsets and motivations of the people promoting them, the real impact of society's reactions to conspiracy fears, warranted or not, and the verdict when verifiable that history has passed on each case.

Religious Persecution and Political Order in the United States David T. Smith, 2015-11-12. This book explains why the United States, a country that values religious freedom, has persecuted some religious minorities while protecting others. It explores the experiences of Mormons, Jehovah's Witnesses, Jews, Catholics, and Muslims, arguing that the state will persecute a religion if it sees it as a political threat.

Philadelphia Liberals and the Problem of Jobs, 1951-1980 Guian Alexander McKee, 2002. *Security* Philippe Bourbeau, 2015-11-24. Security is a vital subject of study in the twenty-first century and a central theme in many social science disciplines. This volume provides a comparative analysis of the ways in which the concept of security is theorized and studied across different disciplines. The book has two objectives: first, to explore the growing diversity of theories, paradigms, and methods developed to study security; and second, to initiate a multidisciplinary dialogue about the ontological, epistemological, paradigmatic, and normative aspects of security studies in social sciences. Readers across nine fields are invited to reflect on their conceptualizations of security and to consider how an interdisciplinary dialogue can stimulate and enrich the understanding of security in our contemporary world. Analytically sharp yet easy to read, this is a cutting-edge volume exploring what security is and what it means in today's world.

Move: Sites of Trauma Johanna Saleh Dickson, 2002-12. Founded in 1978 by architect Steven Holl and bookseller William Stout in an attempt to skirt the

editorial control of the reigning architectural magazine culture Pamphlet Architecture has been disrupting the status quo ever since This series of small experimental volumes has introduced important ideas and spurred much needed debate among students and practitioners alike Pamphlet Architecture 23 carries on this tradition with a book selected in an open competition Johanna Saleh Dickson's entry was chosen from over seventy submissions received from architects academics and students from across the nation and around the world Her pamphlet investigates the events of May 13 1985 when a bomb was dropped by police on a Philadelphia row house in order to evacuate its residents members of the radical organization MOVE The fire that ensued killed 11 MOVE members and destroyed an entire city block Tainted by these traumatic events the reconstructed house located on the site has stood unoccupied for nearly two decades Dickson proposes an architectural treatment that might facilitate and promote healing within the affected community A call for ideas for Pamphlet 24 has already gone out A winner will be selected in September of this year and the next innovative project will be published in spring of 2003

Why Law Enforcement Organizations Fail Patrick O'Hara, 2005 Why Law Enforcement Organizations Fail looks carefully at just that issue Constant negative headlines call into question the ability of U S law enforcement to manage itself effectively in a democratic diverse society By analyzing a variety of cases the author shows how crises occur regularly along common structural and cultural fault lines in police agencies at every level of government The exploration of what handicaps the law enforcement agency goes far beyond bureaucratic bungling to examine deep seated structural and cultural elements of organization Symptoms such as institutional racism sexual harassment and racial profiling are seen as outgrowths of structural cultural characteristics in law enforcement organizations whose power is often independent of larger social forces Why Law Enforcement Organizations Fail provides tools for spotting malignant individuals highlighting perverse incentives isolating and neutralizing deviant cultures recognizing policy inertia and confronting bankrupt philosophies By helping current and future law enforcement personnel better understand the lay of the land this book provides a pragmatic guide for dealing with crises preventing their recurrence and restoring the legitimacy of the police in the communities they serve This book is an excellent addition to any class on police organization and management criminal justice policy or police community relations Why Law Enforcement Organizations Fail is a must read for any law enforcement executive trying to understand the dynamics of organizational structures and systems As any experienced police official will attest when organizational structures collapse or systems fail the results can be devastating This text contains stories of some of the most egregious system failure within American law enforcement From the Philadelphia Police Department's assault on MOVE to the New York Police Department's Michael Dowd corruption scandal to the massive failure of the FBI Lab the book highlights how things go wrong Aspiring law enforcement executives would do well to read this book and learn from the mistakes of others Chief John F Timoney Miami Police Department O'Hara's book is a rare find It addresses current and no doubt future issues and challenges faced by law enforcement in a very pragmatic

balanced and impartial fashion The author goes beyond simply finding a human culprit as the cause of organizational malfunctions and makes a strong case that the very nature of law enforcement organizations makes some problems inevitable The treatment of organizational remedies for whatever ails law enforcement is equally insightful The author avoids unnecessary details and his down to earth writing style allows the reader to focus on what matters most This is one of the few books on the subject matter of law enforcement management and organizations that is bound to have an impact beyond the semester in which it is read Harald Otto Schweizer Ph D Associate Professor of Criminology California State University Fresno This excellent book examines pathologies in law enforcement organizations using contemporary cases as well as classic cases whose implications for police management remain fresh today Whether writing about law enforcement intelligence failures before and after 9 11 racial profiling renegade officers who dishonor the badge or failed police operations where communications oversight and supervision broke down this book is full of sharp insights about how police agencies can work better This book should be required reading so that present and future law enforcement managers can better understand and address organizational dysfunctions before they erupt into critical incidents Michael C Walker Police Director City of Paterson New Jersey Police and Assistant Professor Passaic County Community College A must reading for anyone who wants a window into the multiple sources of law enforcement organizational failures O Hara s volume is an insightful and important contribution to the field Eli B Silverman Professor Emeritus John Jay College of Criminal Justice Author of NYPD Battles Crime Innovative Strategies in Policing In each chapter the defects in the law enforcement organizations begin to emerge with shocking clarity O Hara uses these examples to provide law enforcement with the tools necessary to change the structural behavioral and technical errors of the past especially useful in any criminal justice course that discusses police and police behaviors The book is meant for everyone but those who are already in law enforcement or planning to be should keep this book in mind It is filled with many situations from which one can learn valuable lessons and it is replete with suggestions that should be taken to heart ACJS Today More than a dozen case studies from the 1980s to the present examine many topics from 9 11 related law enforcement failures to racial profiling rogue cops who dishonor the badge and failures of the FBI Lab These case studies capture the reader s attention and help to clearly delineate the multiple sources of police agency organizational failures O Hara not only points out the problems and issues that confront law enforcement organizations but suggests remedies as well He writes in a clear concise manner and anyone involved in law enforcement management would be well advised to read this book Undergraduate and graduate students and interested general readers should also find this book a worthwhile read Summing Up Highly recommended CHOICE Magazine

Urban Anthropology in the 1990's Irene Glasser, Lawrence Bart Breitborde, 1996 *Conspiracy Theories in American History: N-Z* Peter Knight, 2003 The first comprehensive history of conspiracies and conspiracy theories in the United States A reference guide to conspiracy theory presents over 300 entries describing events and theories analyzing the historical

intellectual and political context of each and offering evidence to support or refute each one Criminology, Penology and Police Science Abstracts ,1996 **Le cas MOVE à Philadelphie, 1975-1995** Claude Guillaumaud-Pujol,2001 The Encyclopedia of Civil Rights in America: Equal Rights Amendment ,1998 Contains 683 alphabetically arranged articles that provide information about the history meaning and application of civil rights issues in the United States covering people places events politics laws government agencies court cases and other topics **Symposium** ,2008 *Civil Society and the Democratic Imagination* Andrew Jonathan Perrin,2001 **The Location of Terrorism** Lonnie Adam Troyer,2003

Morality and the Law Roslyn Muraskin,Matthew Muraskin,2001 This is a work on the role of morality in the various components of the criminal justice system Specifically the role of defense counsel and prosecutor the role of the police the court corrections probation and parole officers and the victims of crimes themselves as well as related issues **Religion and American Culture** ,2001
