Discovering Aquinas An Introduction To His Life Work And Influence:

Discovering Aquinas Aidan Nichols, 2002 Thomas Aquinas is one of the great figures in western thought whose ideas continue to exert a powerful influence Discovering Aquinas is a lively and authoritative introduction to his life and thought that not only establishes his historical importance but shows why so many see him as a vital partner in contemporary debates about the future of Christianity

Thomas Aquinas's Summa Theologiae Bernard McGinn, 2019-05-28 This concise book tells the story of the most important theological work of the Middle Ages the vast Summa theologiae of Thomas Aquinas which holds a unique place in Western religion and philosophy Written between 1266 and 1273 the Summa was conceived by Aquinas as an instructional guide for teachers and novices and a compendium of all the approved teachings of the Catholic Church It synthesizes an astonishing range of scholarship covering hundreds of topics and containing more than a million and a half words and was still unfinished at the time of Aquinas's death Here Bernard McGinn one of today's most acclaimed scholars of medieval Christianity vividly describes the world that shaped Aquinas then turns to the Dominican friar's life and career examining Aquinas's reasons for writing his masterpiece its subject matter and the novel way he organized it McGinn gives readers a brief tour of the Summa itself and then discusses its reception over the past seven hundred years He looks at the influence of the Summa on such giants of medieval Christendom as Meister Eckhart its ridicule during the Enlightenment the rise and fall of Neothomism in the nineteenth and twentieth centuries the role of the Summa in the post Vatican II church and the book's enduring relevance today

Sacred Rhetoric Michael Pasquarello III, 2012-06-01 Modern approaches to preaching today are largely fixated on how to make preaching more relevant more interesting more entertaining Michael Pasquarello suggests that this fixation may stem from a preaching imagination more beholden to technical scientific reason than theological wisdom Rather than devising new techniques or strategies for effective speaking Pasquarello offers something more salutary portraits of ten exemplary preachers from the Christian tradition Included in Pasquarello's gallery are Augustine of Hippo Gregory the Great Benedict Bernard of Clairvaux Bonaventure Thomas Aquinas Erasmus Hugh Latimer Martin Luther and John Calvin These excellent preachers conceived of Christian speech as a unique theological practice learned through prayerful attention to the Bible and aimed at communion with God Sacred Rhetoric invites readers to join an extended conversation with the past in order to become faithful preachers of the gospel in a post Christian society Preachers seminarians and students of Christian history will find much to learn from Pasquarello's fresh perspective and passion for the past
