Discovering Balanchine:

Discovering Balanchine Bernard H. Haggin, 1981 This book begins in June 1928 with B H Haggin in Paris at a Stravinsky gala of the Diaghilev company It was Mr Haggin s first article on ballet in The Nation in 1940 that brought him an invitation from Lincoln Kirstein to observe a Balanchine class and lunch with him Mr Haggin has since then continued to look to see and to write what he sees and in this book his powers of perception and precise prose combine in a fascinating account of what he has observed and learned about the evolving genius of George Balanchine in the five decades in which he has attended performances of the ballets watched reshearsals at which they were made and talked with the man who made them Discovering Balanchine also offers 135 photographs of the dancers in action in the ballets which are keyed to the text to enable the reader to see what the words refer to in Apollo The Prodigal Son Concerto Barocco The Four Temperaments Orpheus Divertimento No 15 Agon Episodes Lieberslieder Walzer Bugagku Don Quixote Emeralds Rubies Diamonds Who Cares Stravinsky Violin Concerto Chaconne Union Jack and other ballets to which are added four photographs of Balanchine in action at rehearsals From publisher s description

Finding Balanchine's Lost Ballets Elizabeth Kattner, 2020-10-20 Ever since George Balanchine arrived on the American dance scene in 1933 his revolutionary fleet footed repertoire has been immortalized in the ballet canon Yet most of the works he created in Russia as a budding choreographer have been lost to history until now In the first book to focus exclusively on Balanchine s Russian ballets Elizabeth Kattner offers new insights into the artistic evolution of a legend through her reconstruction of his first group ballet Funeral March Drawing on more than a decade of research conducted in archives in the United States and Europe Kattner synthesizes textual descriptions photographs musical scores and the comparative study of other early Balanchine ballets in order to re create this forgotten work By interpreting and building upon these historical findings in the studio and in performance this project enables dance history to be experienced kinesthetically Addressing the controversy surrounding whether unrecorded dances should be reconstructed in the first place Kattner meticulously describes her research methodologies providing a valuable resource for other scholars seeking to revive history in this way Finding Balanchine s Lost Ballets enriches our understanding of Balanchine s development as a choreographer through its ambitious original approach to the subject Kattner argues for the importance of dance reconstruction when correctly approached as a tool for reimagining the past and charting the future possibilities of dance history research

Dictionary Of Modern American Philosophers John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and

suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

Reading Dance Robert Gottlieb, 2008-11-04 Robert Gottlieb's immense sampling of the dance literature by far the largest such project ever attempted is both inclusive to the extent that inclusivity is possible when dealing with so vast a field and personal the result of decades of reading It limits itself of material within the experience of today's general readers avoiding for instance academic historical writing and treatises on technique its earliest subjects are those nineteenth century works and choreographers that still resonate with dance lovers today Giselle The Sleeping Beauty Swan Lake Bournonville and Petipa And as Gottlieb writes in his introduction The twentieth century focuses to a large extent on the achievements and personalities that dominated it from Pavlova and Nijinsky and Diaghilev to Isadora Duncan and Martha Graham from Ashton and Balanchine and Robbins to Merce Cunningham and Paul Taylor and Twyla Tharp from Fonteyn and Farrell and Gelsey Kirkland the Judy Garland of Ballet to Nureyev and Baryshnikov and Astaire as well as the critical and reportorial voices past and present that carry the most conviction In structuring his anthology Gottlieb explains he has tried to help the reader along by arranging its two hundred plus entries into a coherent groups Apart from the sections on major personalities and important critics there are sections devoted to interviews Tamara Toumanova Antoinette Sibley Mark Morris profiles Lincoln Kirstein Bob Fosse Olga Spessivtseva teachers accounts of the birth of important works from Petrouchka to Apollo to Push Comes to Shove and the movies from Arlene Croce and Alastair Macauley on Fred Astaire to director Michael Powell on the making of The Red Shoes Here are the voices of Cecil Beaton and Irene Castle Ninette de Valois and Bronislava Nijinska Maya Plisetskaya and Allegra Kent Serge Lifar and Jos Lim n Alicia Markova and Natalia Makarova Ruth St Denis and Michel Fokine Susan Sontag and Jean Renoir Plus a group of obscure even eccentric extras including an account of Pavlova going shopping in London and recipes from Tanaquil LeClerq's cookbook With its huge range of content accompanied by the anthologist's incisive running commentary Reading Dance will be a source of pleasure and instruction for anyone who loves dance

Dancing Past the Light Orel Protopopescu, 2021-09-14 Dancing Past the Light cinematically illuminates the glamorous and moving life story of Tanaquil Tanny Le Clercq 1929-2000 one of the most celebrated ballerinas of the twentieth century describing her brilliant stage career her struggle with polio and her important work as a dance teacher coach photographer and writer

Discovering Balanchine Introduction

In today's digital age, the availability of Discovering Balanchine books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Discovering Balanchine books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Discovering Balanchine books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Discovering Balanchine versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Discovering Balanchine books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Discovering Balanchine books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Discovering Balanchine books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Discovering Balanchine books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Discovering Balanchine books and manuals for download and embark on your journey of knowledge?
