Antosik,1978 After defining elitism and tracing its uneasy relation to modernity the author

discusses Nietzsche s George s and Hesse s cultural elites within both the context of their work and the course of European history Their mature elitism is seen as being central to hopes for saving a decadent Europe from total collapse The root of their discontent is found in a fear of modernity that pushed all three into the camp of radical conservatism Combined with this outlook on society their elitist idealism encouraged a state of mind that indirectly facilitated the rise of National Socialism and hence the kind of cultural corruption Nietzsche George and Hesse opposed a contradictory result through which the author sheds light on the nihilistic undertones of modern elitism Whitaker's Five-year Cumulative Book List ,1968 **German Fiction Writers, 1885-1913** James N.
