*Copy Cats* David Crouse, 2010-10-01 Featuring seven stories and a novella David Crouse's powerful debut collection depicts people staring down the complicated mysteries of their own identities Who are you a homeless man asks his would be benefactor in the title story On the surface it's a simple question but one that would stump many of the characters who inhabit these carefully rendered tales In the edgy novella Click Jonathan's ongoing photo documentary of a prostitute exposes how little intensity remains between him and his fiancée Margaret While Jonathan is plagued with doubts about his motivations and abilities as an artist Margaret is worn out by her obligations not just to her needy husband but to all the men in her life In The Ugliest Boy Justin develops an odd friendship with Steven his girlfriend's brother Steven was disfigured by fire in a childhood accident Justin bears wounds more deeply hidden The two forge a strange bond based on their anger and pain Crouse's stories often involve people trapped on the margins of society confronted by diminishing possibilities and various forms of mental illness The junior executive in Code worries about his job and his sanity amid a sudden and wide sweeping corporate layoff A manic depressive father and his teenage daughter dress as vampires and embark on a strange Halloween journey through their suburban neighborhood in the darkly humorous Morte Infinita In Swimming in the Dark a family gives up on itself Shredded slowly over the years since the accidental drowning of the eldest son the remaining family members seek their own separate peace however imperfect The men and women in *Copy Cats* are unwilling and often unable to differentiate reality from fantasy Cursed with what one of them calls a pollution of ideas these are people at war with their own imaginations

*Copy Cats* Mollie Hunt, 2015-02-12 Lynley Cannon is the crazy cat lady but she's not crazy enough to think a seminar with a noted pet psychic could break open a plot of abuse perversion and brutal murder At least not until a terrified stray cat reveals his secret torment Someone is counterfeiting breed cats falsifying their papers and selling them for top dollar to unsuspecting entrepreneurs in the show market Lynley a dedicated shelter volunteer knows nothing about purebred sales but when a stray Siamese turns out to be a fake and the counterfeiting ring links up to a serial killer whose method of murder mimics the ferocity of an angry tiger it's not just the cats who are in peril The cat knows the truth but is Lynley listening

Burr, 1922 *Copycats* Oded Shenkar, 2010 In business imitation gets a bad rap some business leaders see imitators as me too players forced to copy because they have nothing original to offer In *Copycats* Oded Shenkar challenges this viewpoint He reveals how imitation the exact or broad brushed copying of an innovation is as critical to prosperity as innovation especially when the two are used together Inside jacket

*Copycats & Contrarians* Michelle Baddeley, 2018-07-10 Why we run with or avoid the crowd and why it matters from choosing a restaurant in a tourist trap to believing fake news I learned a lot Tim Harford author of *The Undercover Economist* Rioting teenagers tumbling stock markets and the spread of religious terrorism appear to have little in common but all are driven by the same basic instincts the tendency to herd follow and imitate others In today's interconnected world

group choices all too often seem maladaptive With unprecedented speed information or misinformation flashes across the globe and drives rapid shifts in group opinion Adverse results can include speculative economic bubbles irrational denigration of scientists and other experts seismic political reversals and more Drawing on insights from across the social behavioral and natural sciences Michelle Baddeley explores contexts in which behavior is driven by the herd She analyzes the rational vs nonrational and cognitive vs emotional forces involved and she investigates why herding only sometimes works out well With new perspectives on followers leaders and the pros and cons of herd behavior Baddeley shines vivid light on human behavior in the context of our ever more connected world Her observations on how both risk taking and conformism contributed to Donald Trump's election and on how social media affects copycats make for a well timed and valuable study Publishers Weekly This might well become the defining book for this decade and more on the topic of herding and social influence Cass Sunstein co author of *Nudge*
