Corporate America They Had A Plot But God Had A Plan:

Why Destiny Summoned These Three Orators Center Stage Dr. Betty M. Knight, 2011-07-05 This book was written based on Betty Knight's ability to balance and critically analyze three of these orators' speeches made during three different eras of American history. Her insights allow readers to see what I saw immediately after speaking with her on many occasions: her unique way of interpreting the past, present and the future. The deposit that Knight has made to her readers' lives will demonstrate that she is not among the many but among the few for many are called but few are chosen. After reading her other book *W H O L E* I realized that Betty Knight had something to say to the class of 2010 and her colleagues in the ministry. So I asked her to be the keynote speaker at her own graduation in Chicago, Illinois on September 11, 2010. She agreed. Her keynote address was entitled *If you can wait your time you will have your turn*. Knight has received her Doctorate of Philosophy in Ministry. After reading her thesis I truly understand why God has equipped her to have an impact on her audience as well as keep it present throughout this experience. In this book Knight addresses how Christianity and the United States Constitution stand somewhat at odds with each other while sometimes forming a bond those of creative mind and genius that make it possible for them to deal together with key problems of American history. Knight's writing brings this theme center stage including the many contradictions within Christianity as a religious institution and interpretations of its sacred text the Bible from which a way of life was drawn by those who attempted to understand and practice Christianity within Western culture. This book enables the reader to understand when and how to reconcile these contradictions. In addition the book identifies basic essentials for life, its governance and its survival all to be viewed from the perspective of numerous identifying principles that have caused alienation within American life. When you finish reading this book you will completely understand why God called these African American orators Douglass, King and Obama center stage. Specified Awareness a Crash Course for the Seasoned Brain Dr. Betty M. Knight, 2015-10-08 Awareness means to have knowledge or discernment of something. Since the mind is a terrible thing to waste take this moment to integrate your memory and your imagination into your learning experience. Remember that your memory will replay your past however your imagination has the ability to rehearse your future. Don't reach your future and recognize that you misused the depth of your potential by not showing up for the rehearsal. Imagine being able to abound in an atmosphere that brings awareness of who you are as well as the benefits of the academic process. I wrote this book for men and women who are returning to or just starting their academic career. However where there is no commitment great things will not come to pass. Commitment is the key to fulfilling your greatest dreams. The Graduates As we stand with anticipation and principles of Excellency Embracing our new beginning and empowered by our destinies Walden prepared and affirmed us on how to function in a challenge. In areas of Leadership Business Communication it's a fundamental state along with talent. You are ready for promotion stand steadfast in your specialties. It's your commitment and dedication that makes dreams a reality. You could have gone to Harvard Howard or

Stafford to gain the same results However Barker argues a paradigms shift is not in an Ivy League school The shift begins with us Our performance of what weve learned Opportunity will present a time to shine Whether in Nursing or Criminal Justice preciseness makes others measure the depth of your plumb line Strong emphasis is on the foundation that you built in all your courses Graduates make an impact when there are only two bad choices Remind yourself of the leader that you are Trust your values and instincts now reset the bar Everything you need is in the AWARENESS in this book I dare you to open up any page please take a look I know I have said something that can encourage you on your route Dont try to fit in where you are destined to stand out **W.H.O.L.E.-Women Handling The Oppositions of Life Exceptionally** Betty M.
