Corporate Secrets While America Sleeps:

Corporate Secrets C. J. Shelby, 2004-06-01 This is a conspiracy theory of how corporate elite have controlled many politicians and governmental officials in the US Government CIA FBI and U S Military to get what they want to make them a World Empire It shows propaganda of what really may have been the causes for many major events in our world s history and present day events Including human casualties in wars and human catastrophes There are many events that are blamed on others that may really be cover ups for their own deviance Some things that have happened that caused many lives and devastation where actually planned Mostly to gain profits to continue their crusade It has secretly been in the works for more than a century and the root of these men are apart of a secret society Many events you will read about in this book will show you an entirely different side to the stories you ve been told in our history books and modern news networks or stories you have never heard This is the story of how we have walked blindly into a New World Order A world where the elite rule and the commonwealth stay common with very little wealth If you do not want this way of life I highly recommend you to read this book It s up to us to keep this world wholesome for our children and their children If we as a people don t become aware of the shenanigans of these corporate elite our children will suffer for our negligence Our forefathers fought for what we have and they wrote a Constitution to help protect us from this type of human control We should not let them down We should not let God down

Espionage Kristie Macrakis, 2023-03-07 A concise introduction to the history and methods of espionage illustrated by spy stories from antiquity to today s high tech world Espionage is one of the most secret of human activities It is also as the popularity of spy stories suggests one of the most intriguing This book pulls the veil back on the real world of espionage revealing how spying actually works In a refreshingly clear concise manner Kristie Macrakis guides readers through the shadowy world of espionage from the language and practice of spycraft to its role in international politics its bureaucratic underpinnings and its transformation in light of modern technology Espionage is a mirror of society and human foibles with the added cloak of secrecy and deception Accordingly Espionage traces spying all the way back to antiquity while also moving beyond traditional accounts of military and diplomatic intelligence to shine a light on industrial espionage and the new techno spy As thorough and thoroughly readable as it is compact the book is an ideal introduction to the history and anatomy of espionage
