because of the insistence of some users of CSR on placing law outside the parameters of CSR or giving it a very limited role however Okoye argues here that the very nature of CSR as seeking legitimacy for corporate power pushes to the fore the question of what role law can play Law is an essential and important aspect of legitimacy and thus this work explores a legal theoretical approach that holds potential for a legal framework of CSR This interdisciplinary book will be of great interest to students and scholars of corporate law and business studies in general
