Dainard, Jean Orsoni, Anne-Catherine Helvétius, 1981 **José Bergamín** Nigel Dennis, 1986-01-01 Writer critic and cultural activist José Bergamín 1895 1983 was unjustly relegated to the sidelines of contemporary Spanish intellectual life for reasons that have more to do with his political dissidence and long periods of exile than with the interest and importance of his written work This book represents the first attempt to come to terms with that work Professor Dennis's study focuses on the period 1920 1936 the so called silver age of Spanish literature during which Bergamín rose to prominence alongside a group of superlatively gifted writers and friends among them Federico García Lorca Rafael Alberti Jorge Guillén and Pedro Salinas It sets out to explain the nature of the relationship Bergamín had as a critic and prose writer with the major poets of the 1920s and 1930s and at the same time systematically examines the singularity of his own work as an aphorist essayist and dramatist Professor Dennis also devotes attention to explaining the sense of Bergamín's initiative in founding the important journal *Cruz y Raya* 1933 1936 and the role this publication played both culturally and politically during the troubled years of the Second Republic This book not only fills a notable gap in our understanding of pre Civil War literary and intellectual life in Spain but also lays the foundation for all future research into the work of this fascinating and enigmatic writer

*Canadian Books in Print. Author and Title Index*, 1975 **Correspondance générale d'Helvétius** Anne-Catherine Helvétius, Claude Adrien Helvétius, J. A. Dainard, David Smith, Jean Orsoni, 1981-01-01 Featuring the correspondence of Mme Helvétius née Anne Catherine de Ligniville 1722 1800 in the years following her husband's death this is the fourth of five volumes of the letters of the French philosopher Claude Adrien Helvétius 1715 1771 Theatre in French Canada Leonard E. Doucette, 1984-12-15 It is only recently that historians of the theatre in French Canada have turned their attention to playwrights active before the twentieth century Their practice had been to trace the roots of theatre to mid 1930s to the

appearance of Father Emile Legault and his troupe the Compagnons de Saint Laurent dismissing what had gone before In this innovative history Leonard Doucette sets out deal for the first time with all plays that have survived to 1867 and to link them with the evolution of politics institutions and culture in French Canada The study of theatre has often been handicapped also by the outdated practice of defining the literary cultural history of a nation by identifying the masterpieces produced in specific periods and then defining other works in terms of what they are not The surprisingly rich and varied history of theatrical forms in French Canada has just begun to receive the attention it deserves from scholars Some of the texts and authors referred to in this history are identified for the first time the materials cited and conclusions drawn are based upon original research in major Canadian libraries as well as the works of published critics and historians The result is an excellent introduction to the various forms theatre has taken and the problems it has encountered in French Canada
