Braidia, 2004-09-30 The British Romantic poets were among the first to realise the centrality of the Divine Comedy for the evolution of the European epic This study explores the significance of Dante for Percy Bysshe Shelley John Keats and William Blake What was their idea of Dante Why did they feel the need to approach his Christian epic on the afterlife This study aims to answer these questions by focusing on the three poets preoccupation with form and language

Dante and the Romantics Antonella Braidia, 2004-09-30 Dante played a major role in the evolution of the European epic a fact first recognised by the Romantic poets Braidia explores the importance of the Divine Comedy for Keats Shelley Blake seeking to know what drew them to this Christian fantasy

Romanticism, Rhetoric and the Search for the Sublime Craig R. Smith, 2018-11-07 Relying on the author's established expertise in rhetorical theory and political communication this book re contextualizes Romantic rhetorical theory in the late 18th and early 19th centuries to provide a foundation for a Neo Romantic rhetorical theory for our own time In the process it uses a unique methodology to correct misconceptions about many Romantic writers The methodology of the early chapters uses a dialectical approach to trace Romanticism and its opposition the Enlightenment back through Humanism and its opposition Scholasticism to St Augustine These chapters include a revisionist analysis of the church's treatment of Galileo in the course of showing how difficult it was for scientific study to be accepted in the academic world The study also re conceptualizes Jean Jacques Rousseau David Hume and Edmund Burke as bridge figures to the Romantic Era instead of as Enlightenment figures This move throws new light on the major artists of the Romantic Era who are examined in chapters seven and eight Chapter nine focuses on Percy Bysshe Shelley and his development of the rhetorical poem and thereby provides a new genre in the Romantic catalogue Chapter ten uses the foregoing to analyse and reconceptualize the rhetorical theories of Hugh Blair and Thomas De Quincey The concluding chapter then synthesizes their theories with relevant contemporary rhetorical theories thereby constructing a Neo Romantic theory for our own time In the process this book links the Romantics love of nature to the current environmental crisis

Depicting Dante in Anglo-Italian Literary and Visual Arts Christoph Lehner, 2017-05-11 In the course of 750 years Dante Alighieri has been made into a universally

important icon deeply engrained in the world's cultural memory This book examines key stages of Dante's appropriation in Western cultural history by exploring the intermedial relationship between Dante's *Divina Commedia* the tradition of his iconography and selected historical literary and artistic responses from British artists in the 19th and 20th centuries The images and iconographies created out of Dantean appropriations almost always centre around the triad of allegory authority and authenticity These three important aspects of revisiting Dante are found in the Dantean image fostered in Florence in the 14th and 15th centuries and feature prominently in the works of Dante Gabriel Rossetti T S Eliot and Tom Phillips Their appropriation of Dante represents landmarks in the productive reception of the Florentine and is invariably linked to a tradition of Dante studies established in Britain during the middle of the 19th century For Dante Gabriel Rossetti the Florentine provides a model for Victorian Dantean self-fashioning and becomes an allegory of authenticity and morality For T S Eliot Dante represents the voice of literary authority in Modernist poetry and serves as the allegory of a visionary European author For Tom Phillips the engagement with Dante and his text represents an intertextual and intermedial endeavour which provides him with a rich cultural tapestry of art thought and ideas on the Western world The main focus of this study therefore is on how Dante's image was fixed in the first 200 years of his appropriation in Florence how fruitfully the Dantean images and his text have been taken up and used for creative and intellectual production in Britain over the course of the past centuries and what moral literary or political messages they continue to convey

Romanticism, Rhetoric and the Search for the Sublime, 2nd Edition Craig R. Smith, 2023-01-23 Relying on the author's established expertise in rhetoric and political communication this book re-contextualizes Romantic rhetorical theory from the late 18th and early 19th centuries to provide a foundation for a Neo Romantic rhetorical theory for our own time In the process it uses a unique methodology to correct misconceptions about the rhetorical theories of many writers Using a dialectical approach the early chapters trace Romanticism through its opposition to the industrial revolution and the Enlightenment back through Humanism and its opposition to Scholasticism to its roots in St Augustine's writing These chapters include a revisionist analysis of the church's treatment of Galileo in the course of showing how difficult it was for scientific study to be accepted in Scholastic circles The study goes on to argue that Jean Jacques Rousseau David Hume and Edmund Burke were bridge figures to the Romantic Era This move throws new light on exemplary painters composers writers and orators of the Romantic Era who are examined in chapters eight and nine Chapter ten focuses on Percy Bysshe Shelley and his development of the rhetorical poem and thereby provides a new genre in the Romantic catalogue Chapter Eleven turns to the Romantic rhetorical theories of Hugh Blair and Thomas De Quincey to empower those seeking to save the environment The concluding chapter then synthesizes their theories with relevant contemporary rhetorical theories thereby constructing a Neo Romantic theory for our own time In the process the book links the Romantics' love of nature to the current environmental crisis

ImageScapes Christian Emden, Gabriele Rippl, 2010 The relationship between different media has emerged as one of the most important areas of

research in contemporary cultural and literary studies But how should we conceive of the relationship between texts and images today Should we speak of collaboration interaction or competition What is the role of literary historical and scientific texts in a culture dominated by the visual What is the status of images as cultural artefacts Are images forms of representation do they simulate reality or do they intervene in the material world And how do literature and cultural theory themselves essentially textual discourses react to the much discussed visual turn within Western culture Does the concept of intermediality allow literary historical and cultural scholars to envisage a more general theory of media Addressing these questions from a programmatic point of view the articles in this volume investigate the effects of different forms of representation in modern European and American literature media and thought Poetic Remaking George Bornstein,1990-10-01 This volume offers a coherent view of post romantic poetic development through selective examples both of individual poems and of poetic influence Bornstein focuses most centrally on Browning in the Victorian period and Yeats and Pound in the Modern but also looks more briefly at works by Wordsworth Coleridge Keats Shelley Arnold Tennyson and Eliot The introductory manifesto Four Gaps in Postromantic Influence Study posits four new orientations for such work taking the volume rather than the individual poem as a unit stressing more centrally the Victorian mediation between Romantic and Modern allowing for national differences among English Irish and American traditions and basing influence studies as much on manuscript materials as on finished products Each of the following chapters follows one or more of those orientations The initial four chapters Remaking Poetry focus on readings of specific poetic texts The first treats Browning s first major volume as a unit the second reads his dramatic monologue Pictor Ignotus against Romantic acts of mind the third maps distinctively Victorian variations in the major form known as Greater Romantic Lyric and the fourth explores Yeats s mature revision of that form The second group of four chapters Remaking Poets stresses the dynamics of literary influence by which poets turn their forerunners into figures helpful to their own development The first three examine Yeats s encounter with Dante Spenser Browning and Tennyson respectively the fourth treats Pound s remaking of the poet he called his poetic father Browning in a way that suggests the limits of anxiety models of poetic influence For this volume Professor Bornstein has revised and expanded a select group of his recent essays and added a new one on the Greater Victorian Lyric **Dante and Italy in British Romanticism** F. Burwick,2011-09-26 From the artistic practice of improvisation to the politics of nationalism the essays in this volume break new ground and significantly extend our understanding of the relations between British and Italian culture in its analysis of the reception of Dante and Italian literature in British Romanticism **Portraits of Dante from Giotto to Raffael** Richard Thayer Holbrook,1911 **Dante: His Life, His Times, His Works** Dante Alighieri,1970 **Notes and Queries** ,1922 **The French Romantics' Knowledge of English Literature (1820-1848)** Eric Partridge,1924 **The Yale Review** George Park Fisher,George Burton Adams,Henry Walcott Farnam,Arthur Twining Hadley,John Christopher Schwab,William Fremont Blackman,Edward Gaylord Bourne,Irving

Fisher, Henry Crosby Emery, Wilbur Lucius Cross, 1922 *Studies in Romanticism*, 1962 *Dante in Deutschland* Daniel DiMassa, 2022-08-12 Around the turn of the nineteenth century no task seemed more urgent to German Romantics than the creation of a new mythology It would unite modern poets and grant them common ground and bring philosophers and the Volk closer together But what would a new mythology look like Only one model sufficed according to Friedrich Schlegel Dante's *Divine Comedy* Through reading and juxtaposing canonical and obscure texts *Dante in Deutschland* shows how Dante's work shaped the development of German Romanticism it argues all the while that the weight of Dante's influence induced a Romantic preoccupation with authority Who was authorized to create a mythology This question traced across texts by Schelling Novalis and Goethe begets a Neo Romantic fixation with Dantean authority in the mythic ventures of Gerhart Hauptmann Rudolf Borchardt and Stefan George Only in Thomas Mann's novels DiMassa asserts is the Romantics' Dantean project ultimately demythologized **A History of English Romanticism in the Nineteenth Century** Henry Augustin Beers, 1901
