How to Deal with Parents and Other Problems Ernest Glenn Osborne,1962 **Teaching Tolerance** Sara Bullard,1997-08-18 Teaching Tolerance is an invitation to parents and teachers an invitation to examine their own habits and attitudes toward the community around them Sara Bullard believes that once a parent is aware of the attitudes they were raised with it is easier for them to teach their children true tolerance toward others The first chapters of Teaching Tolerance focus on the humanness of intolerance no one is truly exempt from the habit of judging others The fourth chapter outlines the work required to alter intolerant instincts The last four chapters walk parents through children s need for security self expression and moral guidance needs which if respectfully met will free them to be comfortable both with themselves and with people of different backgrounds Bullard concludes each chapter with questions and suggestions for journal writing to help parents further explore their own attitudes Also included is an extensive list of books toys games and music that explore ethnicity and promote tolerance **Using Literature to Help Troubled Teenagers Cope with Identity Issues** Jeffrey S. Kaplan,1999-11-30 The search for one s identity is an ancient quest reflected throughout history in stories where human glory and conquest are often layered with great pain and self doubt meant to help people discover themselves and who they are Today this quest is found prevalently in young adult novels where characters wrestle with modern dilemmas in order to find themselves This reference resource provides a link for teachers media specialists parents and other adults to those novels and how to use them effectively Educators and therapists explore the literature where common identity issues are addressed in ways intriguing to teens Using fictional characters these experts provide guidance on how to encourage adolescents to cope while improving their reading and writing skills Twelve novels are examined from both a literary and psychological perspective allowing the readers to meet the central figures as if they were living human beings Each chapter

is written by a literature specialist who has teamed up with a therapist and confronts a different identity issue examining such dilemmas as body image the father son relationship bigotry and peer relations This pair of experts tries to define the central character s struggle in each novel to discover who they are and to become self actualized individuals Each chapter also provides an annotated bibliography of other works both fiction and nonfiction that explore these same issues to give readers not only the insight into helping teenagers with similar problems but also the tools with which to get teenagers reading and addressing these problems This innovative approach is meant to provide the opportunity for adults and adolescents to better understand each other

The Color of Hate Randall S. King,2021-09-03 The Color of Hate By Randall S King The Color of Hate was written to put a face to hatred bigotry and the emotional toll it takes on a person s life Author Randall King also brings to light the childhood emotional trauma that such bigotry can and will do to a person s lifelong mentality and to the people around them namely their families His scars run deep and have been present unfortunately throughout his life The primary objective is to bring additional light to a problem still hidden in the dark A problem that persists within our government schools and day to day interactions The darkness must see light in order for people to clearly see May this book be the final and brightest light to this issue

Racism and Cultural Diversity M.J. Maher,2018-04-17 The author writes for all those interested in the dynamics of racism from professionals in counselling group analysis and psychotherapy working in multiracial and multicultural societies to those exposed to racism who need help in dealing with the impact of their experiences She also addresses the concept of victims becoming perpetrators if

support is not given to contain the process. Herself a group analyst, the author experienced at first hand racial discrimination within the system but rather than succumb has instead produced an enduring and proficient work that draws heavily on personal experience. Combining years of counselling skill with a natural compassion, she makes the subject of racism approachable, thus motivating all those wanting to explore the issues. For people whose experience of broken attachments crosses racial lines, this book is possibly the first to use Bowlby's Attachment Theory as a framework for understanding racism.
