Religion, Church, and Education in the Barents Region ,1997 **The Psychology of Adolescent Satanism**

Anthony Moriarty,1992-10-09 This book addresses the problems of adolescent Satanism from a psychological viewpoint It includes the developmental dynamics that underlie four different types of young people who become involved in Satanism and provides an analysis of risk factors The author critically evaluates the philosophy of Satanism through a review of The Satanic Bible and further appraises the causes of Satanism by examining the roles of power ritual and dualistic thinking in young people s lives In addition Moriarty evaluates how communication patterns and parenting styles impact on a young person s vulnerability to become involved in Satanism This is also the first book to describe the relationship between Satanism and suicide Finally it closes with ten practical suggestions for parents and others that will lead to effective prevention Six major conclusions challenge a number of prevailing myths Satanic beliefs and philosophy should be made known to everyone therefore destroying the claim to be occult or hidden There is no single type of personality drawn to Satanism as commonly suggested by law enforcement Four types are identified by the author Satanism must be viewed as a developmental process to be properly understood People often contribute to an individual s vulnerability to Satanism by how they relate to children and adolescents There is a significant relationship between suicide and Satanism that needs to be addressed in dealing with young people Adolescent Satanism is a problem that is largely preventable if certain guidelines are followed This volume is intended for a wide audience including parents teachers clergy counselors and other mental health professionals and is a valuable resource for law enforcement personnel Counseling Through Your Bible Handbook June Hunt,2008-03-15 June shows us how to use biblical truth to change minds hearts and lives Dr Mark L Bailey President Dallas Theological Seminary Bestselling author June Hunt s Biblical Counseling Handbook is now available in hardcover This powerful resource is based on many years of careful research thousands of counseling phone calls and countless hundreds of pages of written resources produced by Hope for the Heart This 450 page handbook brings together the very best of June s extraordinary counseling ministry which has offered Christ centered hope and guidance to people around the world The 50 chapters deal with the most pressing issues people face today and offer practical solutions firmly based on Scripture Among the topics are anger adultery fear phobias alcohol drug abuse guilt grief codependency cults rejection rape depression divorce self worth suicide Readers will want to keep this life changing resource handy alongside their Bibles Forthcoming Books Rose Army,1998 **El-Hi Textbooks & Serials in Print** Bowker Editorial Staff,2004-02 **How to Respond To-- Satanism** Bruce G. Hicks,2010-12-31 Mutilated animals Defaced tombstones Sexual abuse in daycare centers Is America threatened by a satanic conspiracy In this book Robert D Hicks exposes law enforcement s obsessive preoccupation with satanism as a model for criminal behavior While satanic belief has played a part in crimes ranging from petty vandalism to serial murders Hicks avows that there is no substantial evidence for the existence

of a nationwide satanic crime continuum Hicks points out that the satanic criminal model is expedient largely due to its simplicity and economy reducing to simple formulas such complex problems as drug abuse teen suicide and sexual molestation His research utilizes a unique blend of law enforcement methodology anthropology folklore history sociology psychology and psychiatry He attributes the cult conspiracy theory to beliefs fueled by Christian fundamentalist sects and to the ungovernable mechanisms of rumor panics subversive mythology and urban legend In Pursuit of Satan documents examples of rumor panics in which the police have fomented fear by attributing crimes to satanists indulging in sheer speculation and promulgating misinformation through the sensationalist news media Hicks examines the construction of the satanic ideology among law enforcement officials focusing on the exploitation of satanism as a new scapegoat for public fears and addressing the phenomenon of credulity among police forces and allied professionals in social work psychiatry and psychology
