knowledge and practical support Often previously self confident women find themselves isolated fumbling over everyday mothering tasks enduring sleep deprivation feeling desperately despondent and aching and leaking everywhere This book provides supportive caring advice one mum to another while at the same time serving as an encyclopaedic medical reference regarding the mother and baby Checked thoroughly by medical professionals this book is a unique blend like having access to a kind and gentle GP as well as to all the gems of wisdom of years of mothers coffee groups This title clearly and compassionately explains the ups as well as the downs which are perfectly normal aspects of giving birth and mothering in today s society *New York Magazine* ,1993-10-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Developing a Cosmic Ideology Based on Holy Scripture* Daniel H. Shubin,2024-04-01 The purpose of this compilation of dissertations is to provide the author s interpretive theology of Sacred Scripture This volume is called *Developing a Cosmic Ideology Based on Holy Scripture* because it is all encompassing dealing with the topics of the realm of spirit and the realm of matter The topics covered under the realm of spirit include the LORD Yahweh God and the invisible world of heaven the realm of matter is the material created universe including humanity the earth and all creation its purpose and future This volume will answer the question as to why there is something instead of nothing and why there is creation time life and infinity all evolving from the concept that God is love *The Costs of Caring* Sally Baldwin,2015-12-22 First published in 1985 this book considers the financial consequences of parents and other relatives caring for severely disabled children at home At the time of publication little reliable information was available on the costs incurred by informal carers which this book set to rectify The volume interweaves hard statistical material about money with the detailed personal responses of parents It examines the claim that disablement in a child reduces parents earnings while simultaneously creating an extra expense The author compares the incomes and expenditure patterns of more than 500 families with disabled children and 700 control families of the time showing that the financial effects of disablement in a child can be far reaching and pervasive This book discusses contemporary policy implications of these findings in a chapter dealing with the rational for compensating families with disabled children and in the final chapter Although the book was original published in 1985 it references issues that are still important today and whilst its main concern is families with disabled children it will also be useful to anyone caring for other kinds of dependent people such as the elderly *Lost Girl* Natalie Harte,2018-03-23 Do you believe in life after death Is there a heaven And if so is there a place called hell Most people only want to talk about a nice happy ending to their existence here on earth But what if we are actually and truly accountable for our actions after we leave this world Would that scare you In my opinion it should I should know There was a time that I was

wild and crazy and lived life without concern I lived a life filled with longing torment and despair One day I died and left my body For three days I was taken on a horrific and terrifying journey What I learned I hope to share with others so they too can feel sure of their ultimate resting place There is a life after death We are all accountable The very good news is each one of us can make a conscious decision as to where we go when we die It s not easy to get there to that beautiful place called heaven But it is in reach for those who love God with all their heart and live a godly life *The Youth's Companion*
