## **Coram Deo Reflections On Presence:**

*Coram Deo* Kurtis Pearson, CFP®, 2005-03 There is always something bigger going on in our lives than we can know or expect In truth the story of our lives is being written right in front of us The story line is being revealed every day For an author to interrupt your story line is unfair The best another can do is share his own story looking for commonality in humanity It is my desire that you enjoy the simple stories and glean a nugget of truth you can use in your own journey Then hopefully you will find new ways to stand squarely in the middle of your own life and understand what is going on in a way you never have before Kurtis S Pearson CFP R **In the Presence of God** R.C. Sproul, 2003-05-13 Now in Trade Paper Theologian R C Sproul has the unique ability to take difficult Christian concepts and make them both fascinating and personal In his first devotional this popular author provides an intimate portrait of God s numerous attributes In *The Presence of God* is divided into 15 sections based on 15 distinct attributes of God that teach us how we can live more fully as children of God Each brief reading contains a Scripture verse and a message of encouragement and wisdom from the pen of R C Sproul If you re spiritually hungry for a devotion of substance let R C Sproul take you In the Presence of God Topics include Knowing God Meeting with God Facing Life s Challenges with God Discerning God s Will Experiencing God s Best

Kelso, Bruce F. Mase, David G. Davis, 2007 **Practicing Baptism** Bård Eirik Hallesby Norheim, 2014-02-19 Where is Jesus Christ This fundamental question is the starting point of this book which investigates the shape of Christian life and ministry in a post Christendom context Over the last decades there has been a shift in much of Western theology towards focusing on Christian practices in ministry and theological education This may be seen as a way to

deal with theological anxiety in an era of heightened personal autonomy In *Practicing Baptism* Bard Norheim critically analyzes the engagement in Christian practices As a response to this engagement Norheim develops a missional and diaconal theology for ministry focusing on the presence of Christ in Christian practices Fundamentally this is an attempt to answer a pressing question for today What do Christians do Norheim draws on Martin Luther's theology and his notion of the three modes of Christ's presence the present tense of baptism and Luther's idea of the marks of the church Based on this reading of Luther's theology Norheim suggests that Christian life and ministry could be interpreted through the concept practicing baptism

**Creation, Contingency and Divine Presence in the Theologies of Thomas F. Torrance and Eberhard Jüngel** Roland Spjuth, 1995 The focus of this study is the doctrine of creation an issue brought into the centre of attention by the modern ecological urgency but also challenged by the postmodern rejection of analogy and meta narration From the stance of this modern debate the author analyses the doctrine of creation in the theologies of Thomas F Torrance and Eberhard Jungel Thus the work becomes both a penetrating examination of a crucial dogmatic issue and the first critical comparison between two main representatives of the theology influenced by Karl Barth

Jarlath Prendergast, 1888 **Beyond Theism** Theodore W. Jennings, 1985 What do we mean when we talk about God Does this term actually refer to anything in our experience This book opens up significant new approaches to one of the most important problems confronting theology and the philosophy of religion namely the problem of God language Current philosophical concerns over language have intensified the difficulty of talking about God The necessity of formally proving the meaningfulness of statements about God has led to theological dead ends on the one hand and a retreat to mysticism or irrationality on the other This book moves the discussion of God language to a new plane arguing that God language cannot be understood within a traditional theistic framework Instead a grammar of God language must be identified and in doing this Jennings reaches a fresh view of language one that is applicable to all religions and all human experience the religious as well as the secular The Life of St. Charles Borromeo, Cardinal Archbishop of Milan Giovanni Pietro Giussano, 1884
