Common: The Development of Literary Culture in Sixteenth-Century England Neil Rhodes,2018-04-13 This volume explores the development of literary culture in sixteenth century England as a whole and seeks to explain the relationship between the Reformation and the literary renaissance of the Elizabethan period Its central theme is the common in its double sense of something shared and something base and it argues that making common the work of God is at the heart of the English Reformation just as making common the literature of antiquity and of early modern Europe is at the heart of the English Renaissance Its central question is why was the Renaissance in England so late That question is addressed in terms of the relationship between Humanism and Protestantism and the tensions between democracy and the

imagination which persist throughout the century Part One establishes a social dimension for literary culture in the period by exploring the associations of commonwealth and related terms It addresses the role of Greek in the period before and during the Reformation in disturbing the old binary of elite Latin and common English It also argues that the Reformation principle of making common is coupled with a hostility towards fiction which has the effect of closing down the humanist renaissance of the earlier decades Part Two presents translation as the link between Reformation and Renaissance and the final part discusses the Elizabethan literary renaissance and deals in turn with poetry short prose fiction and the drama written for the common stage

A Republic of Mind and Spirit Catherine L. Albanese,2007-01-01 In the nineteenth and early twentieth centuries Mexicans and Americans joined together to transform the U S Mexico borderlands into a crossroads of modern economic development This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain Focusing on a mining region that spilled across the Arizona Sonora border this book shows how entrepreneurs corporations and statesmen tried to domesticate nature and society within a transnational context Efforts to tame a wild frontier were stymied by labour struggles social conflict and revolution Fugitive Landscapes explores the making and unmaking of the U S Mexico border telling how ordinary people resisted the domination of empires nations and corporations to shape transnational history on their own terms By moving beyond traditional national narratives it offers new lessons for our own border crossing age

Johann Wier Michaela Valente,2025-10-01 This book deals with a fascinating and original claim in 16th century Europe Witches should be

cured not executed It was the physician and scholar Johann Wier 1515 1588 who challenged the dominant idea For his defense of witches more than three centuries later Sigmund Freud chose to put Wier s work among the ten books to be read According to Wier Satan seduced witches thus they did not deserve to be executed but they must be cured for their melancholy When the witch hunt was rising Wier was the first to use some of the arguments adopted in the emerging debate on religious tolerance in defence of witches This is the first overall study of Wier which offers an innovative view of his thought by highlighting Wier s sources and his attempts to involve theologians physicians and philosophers in his fight against cruel witch hunts Johann Wier Debating the Devil and Witches situates and explains his claim as a result of a moral and religious path as well as the outcome of his medical experience The book aims to provide an insightful examination of Wier s works to read his pleas emphasizing the duty of every good Christian to not abandon anyone who strays from the flock of Christ For these reasons Wier was overwhelmed by bitter confutations such as those of Jean Bodin but he was also celebrated for his outstanding and prolific heritage for debating religious tolerance

Hadriaan Beverland's De Peccato Originali (On Original Sin 1679) Hadriaan Beverland (1650-1716),2023-08-28 In his De peccato originali 1679 Hadriaan Beverland 1650 1716 presented his thesis that sex was the original sin and a vital part of human nature Building on contemporary insights into the history of the text of the Bible he criticised the hypocritical attitudes among the religious and social elite of his day concerning the biblical text and sexual morality The work became notorious in the seventeenth century and led to its author s banishment In the eighteenth century it exerted considerable influence on the way in which many in Europe came to see sexuality This annotated edition with English translation also includes a comprehensive introduction that includes a contextualization of the De peccato originali and its impact

Jews, Judaism, and the Reformation in Sixteenth-century Germany Dean Phillip Bell,Stephen G. Burnett,2006 This volume brings together important research on the reception and representation of Jews and Judaism in late medieval German thought the works of major Reformation era theologians scholars and movements and in popular literature and the visual arts It also explores social intellectual and cultural developments within Judaism and Jewish responses to the Reformation in sixteenth century Germany

Post-Reformation Reformed Dogmatics Richard A. Muller,2003-08 A major study reevaluating the primary sources of the post Reformation period to determine how consistent they are with the thinking of the Reformers on theological prolegomena

Practices of Gender in Late Medieval and Early Modern Europe Megan Cassidy-Welch,Peter Sherlock,2008 This collection argues that gender must be considered as both an approach to history and as a reflection of the deep workings of the lived historical past The sixteen original essays explore social and cultural expressions of gender in Europe from the fourteenth to the eighteenth centuries They examine theories and practices of gender in domestic religious and political contexts including the Reformation the convent the workplace witchcraft the household literacy the arts intellectual spheres and cultures of violence and memory The volume exposes the myriad ways in which gender was actually experienced

together with the strategies used by individual men and women to negotiate resilient patriarchal structures Overall the collection opens up new synergies for thinking about gender as a category of historical analysis and as a set of experiences central to late medieval and early modern Europe

The Ghost of Boccaccio Stephen Kolsky, 2005 This major study looks at the heritage and literary transformation of Giovanni Boccaccio's *De mulieribus claris* in late fifteenth and early sixteenth century Italy The monograph is the first full length study of the new elaborations of women's role and potential that were being developed in the north Italian courts in this period The Ghost of Boccaccio presents a sustained textual analysis of a selection of male authored texts It treats these texts as highly specific events in the development of the querelle des femmes or the woman question providing an important and often neglected Italian context for this question By analysing these texts together in one volume this study places them firmly on the scholarly map They represent an extraordinary variety of voices seeking to be heard about the status of women in Renaissance Italy ranging from the most conservative to the truly radical They provide vital perspectives on constructions of women in the Renaissance A number of these texts also represent a crucial moment in the development of intellectual strategies to challenge the dominant gender ideologies of Renaissance and early modern Europe The book will be of interest to scholars and students of Renaissance history and culture Italian studies neo Latin studies and gender studies
