James Henry Breasted

Coronation Of Sesostri:

Cy Twombly, Coronation of Sesostri Cy Twombly, David Shapiro, Donald Kennison, 2000 For the first time in nearly 30 years new paintings by Cy Twombly were exhibited at a New York gallery This book documents the recent show at Gagosian Gallery and includes color plates of all paintings in a beautiful multipanel gatefold

The Mythological Traditions of Liturgical Drama Christine Schnusenber, 2010 This unique comprehensive work tackles questions posed by the polemics of the Church Fathers against the Roman theater and explores the subsequent developments of Western liturgical drama as a continuation of the Roman theater up to the time of Amalarius of Metz in the ninth century

Dialogues with Degas Kathryn Brown, 2023-12-14 Dialogues with Degas demonstrates the ongoing relevance of Edgar Degas to 20th and 21st century ideas and art practices The first in depth examination of this major artist's impact on contemporary art this book explores how contemporary practitioners have used Degas's creativity as a springboard to engage imaginatively and critically with themes of colonialism gender race and class Individual chapters are devoted to dialogues between Degas's art and works produced by Frank Auerbach Cecily Brown Xinyi Cheng Ryan Gander Maggi Hambling Damien Hirst Howard Hodgkin Chantal Joffe Leon Kossoff R B Kitaj Juan Muñoz Paula Rego Jenny Saville Yinka Shonibare Cy Twombly and Rebecca Warren Through close analyses of selected paintings drawings prints and sculptures Kathryn Brown explores how Degas's technical and compositional experiments have been extended or challenged in innovative ways By experimenting with the materials and methods of existing works contemporary artists generate visual palimpsests that make new demands of the viewer and prompt a reconsideration of ideas that have informed histories of 19th century French art The book overturns familiar conceptions of influence by eschewing a genealogical approach and prioritizing instead the analysis of non linear encounters between artworks This encourages a new conception of the agency of visual artefacts and of the conversations they are capable of entertaining with each other While this study sheds new light on Degas's art and that of his interlocutors it also has methodological significance for the writing of art history

"Where are We Going?" Alison M. Gingeras, Jack Bankowsky, Palazzo Grassi, 2006 To inaugurate the newly renovated Palazzo Grassi in Venice its new president and owner François Pinault has created a show which showcases art from his extensive collection Spanning the post war period to the present the artists featured here include Mark Rothko Cy Twombly Jeff Koons Damien Hirst and Urs Fischer among others Nearly 200 works by 53 artists are reproduced in full color for this catalogue

La Biennale di Venezia, 2001

Cultic Theatres and Ritual Drama Inge Nielsen, 2002 This well illustrated book thoroughly investigates the relations between East and West in the Ancient world as seen through the lens of ancient religious practices The author has concentrated on one aspect of the cult the ritual drama and its setting the cultic theatre The point of departure is the presence of a great amount of theatrical structures in the sanctuaries in Greece and Italy Many of these structures were not proper theatres in the modern sense of the word but rather primitive rows of seats a place to watch from which is in fact the original meaning of

the word theatre These structures have never before been examined from a functional viewpoint and the author proposes that their primary raison d'être was the performance of ritual dramas at the great seasonal feasts These non literary dramas re enacted the story or myth of the divinity which in symbolic form treated the crises connected with precarious transitions during the agricultural year and human life in general For various reasons which she describes the author points to the relative obscurity of this religious institution in the Greek and Roman world and notes that as a result it has received scant attention from scholars In contrast it is well known that ritual dramas had been performed in the distant past at the great seasonal feasts of the Orient and the book includes an excellent overview of the development of this institution as well as the setting chosen for it in the Egyptian Syrio Phoenician and Anatolian cults both in their homelands and in their new host countries in the West This is a fascinating book for archaeologists and classicists as well as for anthropologists and historians of religion but it also gives food for thought for those who simply want to learn more
