House. Committee on Ways and Means. Subcommittee on Select Revenue Measures,2006 World Development Indicators 2005 ,2005-01-01 World Development Indicators was launched in 1978 to give a statistical snapshot of the progress being made on a range of economic and social development issues and the challenges remaining both at national level and aggregated globally The 2005 edition of this annual publication includes over 80 tables and 800 indicators for 152 economies and 14 country groups together with basic indicators for a further 55 economies organised under six thematic headings

including the progress made towards achieving the Millennium Development Goals Indicators cover a wide range of topics including poverty and inequality population and migration gender issues health and education housing and urbanisation environment and sustainable development pollution the economy and trade business and investment conditions Most of the statistics are compiled from data provided by national statistical agencies The publication is also available in CD ROM formats for single users ISBN 0821360728 and multi users ISBN 0821360736 *World Development Indicators 2006*, 2006-01-01 Looking for accurate up to date data on development issues This indispensable statistical reference allows you to consult over 800 indicators for some 150 economies and 14 country groups in more than 80 tables It provides a current overview of the most recent data available as well as important regional data and income group analysis in six thematic chapters World View People Environment Economy States and Markets and Global Links *Changing Governance and Public Policy in East Asia* Ka Ho Mok, Ray Forrest, 2008-11-24 This book offers critical analysis of the search for new governance in Asia comparing and contrasting the experiences of different Asian societies including China Japan Hong Kong Singapore Taiwan South Korea Malaysia and Thailand **India Goes Global** Miss Catriona Purfield, Mr. Jerald Alan Schiff, 2006-08-29 In the past few years India has emerged as a global economic power It is one of the world's fastest growing economies the leading outsourcing destination and a favorite of international investors But even with India's impressive recent achievements the country continues to face considerable challenges as it seeks to sustain rapid growth and extend the benefits to all its citizens Is India entering into a Golden Age or experiencing a period of rapid but ultimately unsustainable growth The studies in this book examine in detail what lies behind India's recent economic rise and considers the steps needed to build on this success over the medium term **Forthcoming Books** Rose Arny, 2004 [World Development Indicators](#), 2005 **Developing Alternative Frameworks for Explaining Tax Compliance** James Alm, Jorge Martinez-Vazquez, Benno Torgler, 2010-06-10 Over the last several decades there has been a growing interest in theoretical empirical and experimental work on all aspects of tax compliance and tax evasion The essays in this volume summarize the existing state of knowledge of tax compliance and tax evasion present new thinking about this issue and analyze the empirical relevance of these new perspectives The original essays in this volume represent an attempt to provide a framework on compliance that moves beyond the economics of crime perspective one that provides a more complete understanding of individual and group decisions and one that is more consistent with empirical evidence It is the insights of behavioural economics that provide much of the bases for these essays and the main theme running through this book is that the basic model of individual choice must be expanded by introducing some aspects of behaviour or motivation considered explicitly by other social sciences *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 **Financial Crimes: Psychological, Technological, and Ethical Issues** Michel Dion, David Weisstub, Jean-Loup Richet, 2016-06-08 This book on the psychology of white collar criminals discusses various cases of financial crime while also attempting to delve into

the minds of the criminals in question The literature on this topic is growing as it gains momentum in the scientific field as a result of the extremely negative impact white collar crime has on its victims Because there is considerable damage and vulnerability from these crimes it is important to begin to classify them and to understand the minds of those that commit these offenses While the current literature is not extensive this work provides a closer look into the various ethical and legal facets of financial crime and helps to uncover the social psychological and neurobiological factors that intersect in the minds of those criminals
