The EU Issuer-disclosure Regime Gaëtane Schaecken Willemaers, 2011-01-01 Presentation de l'auteur In an examination that is at once critical comparative and interdisciplinary the book discusses the stated objectives of the EU issuer disclosure regime principally about retail investor protection and then goes on to identify objectives that can actually be met in practice i.e. market efficiency and corporate governance The author concludes by drawing concrete policy and regulatory implications along the way covering such aspects and ramifications of the regime In its defence of the power of market forces as regulatory means and its clear argument that market finance should be seen at a minimum as a useful complement to bank credit and other financing sources this important book can claim a privileged space in the debate over the role of disclosure requirements in securities regulation

Conflict and Innovation: Joint Ventures in China Leo Douw, Kwok-bun Chan, 2006-06-01 This book features China's newly emergent transnational management culture It uses established and new methodologies to analyze how different types of Sino foreign joint enterprises manage cultural differences between various layers of managers and employees while negotiating strategies that contain conflicts uncertainties and frustrations Much of the book focuses on the relations among personnel and management within Sino foreign businesses It highlights how new elements have been introduced in the daily practices of management at the work floor and in the managerial offices specifically in relation to improving human resource development and resolving conflicts The book also examines how these transnational firms function in the broader context of

Chinese society and politics In providing freshly researched cases and methodological studies by experienced researchers in the field the book suggests alternative pathways toward innovative business management in China thus making it attractive to academics and business managers alike **Multicultural Organizations in Asia** Heidi Dahles,Loh Wei Leng,2014-02-04

A new study of how Asian Pacific organizations and private enterprises are expanding into markets beyond their national bases by transforming themselves in multinational and transnational directions It shows how multicultural relations are fundamental to such shifts It explains the organizational processes that characterize economic restructuring and the transgression of state borders by organizations seeking economic opportunities It shows how these ambitions require boundaries to be overcome both inside and outside of organizations This study also details the trend towards fluidity and complexity of boundaries both physical and symbolic within and without of organizations due to the speeding up of key processes This however does not imply that boundaries are disappearing Organizational change always challenges identities and sets new targets for this very identification Mergers acquisitions and strategic alliances all generate new organizational forms and necessitate the redefinition and renegotiation of organizational boundaries The manifold ways in which organizational boundaries are affected by economic restructuring and at the same time affect social processes within and between organizations in particular in the context of the booming economies of the Asia Pacific area is the focus of this volume This book was previously published as a special issue of the Asian Pacific Business Review Corporate Governance Roman Tomasic,Xudong Zhao,Zhong Ma,2005 **Cardozo Journal of International and Comparative Law** ,2005
