Dare To Change An Alternative Vision For Singapore:

Dare to Change Soon Juan Chee,1994 *Singapore* Garry Rodan,2017-07-12 This title was first published in 2001 A collection of valuable previously published essays analyzing the major social dynamics shaping the increasingly complex society economy and polity of contemporary Singapore Topics range from ideology and culture to the character of the state and its institutions and the possibilities for political reform Singapore Jason Lim,Terence Lee,2016-05-26 On 9 August 2015 Singapore celebrated its 50th year of national independence a milestone for the nation as it has overcome major economic social cultural and political challenges in a short period of time Whilst this was a celebratory event to acknowledge the role of the People's Action Party PAP government it was also marked by national remembrance as founding Prime Minister Lee Kuan Yew died in March 2015 This book critically reflects on Singapore's 50 years of independence Contributors interrogate a selected range of topics on Singapore's history culture and society including the constitution education religion and race and thereby facilitate a better understanding of its shared national past Central to this book is an examination of how Singaporeans have learnt to adapt and change through PAP government policies since independence in 1965 All chapters begin their histories from that point in time and each contribution focuses either on an area that has been neglected in Singapore's modern history or offer new perspectives on the past Using a multi disciplinary approach it presents an independent and critical take on Singapore's post 1965 history A valuable assessment to students and researchers alike *Singapore Negotiating State and Society 1965-2015* is of interest to specialists in Southeast Asian history and politics

Southeast Asian Personalities of Chinese Descent Leo Suryadinata,2012 This is a bold project recording the lives of a particular group of Southeast Asians Most of the people whose biographies are included here have settled down in the ten countries that constitute the region Each of them has either self identified as Chinese or is comfortable to be known as someone of Chinese ancestry There are also those who were born in China or elsewhere who came here to work and do business including seeking help from others who have ethnic Chinese connections With the political and economic conditions of the region in a great state of flux for the past two centuries it is impossible to find consistency in the naming process Confucius had stressed that correct names make for the best relationships In this case Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have in one way or another made their homes in or made some difference to Southeast Asia I believe that when he and his colleagues selected the biographies to be included here they have taken a big step towards the rectification of identities for many leading personalities In so doing he has done us all a great service Professor Wang Gungwu National University of Singapore

The Awkward Embrace Hermann Giliomee,Charles Simkins,2005-08-08 Democracies derive their resilience and vitality from the fact that the rule of a particular majority is usually only of a temporary nature By looking at four case studies *The Awkward Embrace* studies democracies of a different kind rule by a dominant party which is virtually immune from defeat

Such systems have been called Regnant or or Uncommon Democracies They are characterized by distinctive features the staging of unfree or corrupt elections the blurring of the lines between government the ruling party and the state the introduction of a national project which is seen to be above politics and the erosion of civil society This book addresses major issues such as why one such democracy namely Taiwan has been moving in the direction of a more competitive system how economic crises such as the present one in Mexico can transform the system how government business relations in Malaysia are affecting the base of the dominant party and whether South Africa will become a one party dominant system

Understanding Singapore Politics Bilveer Singh, 2017-03-23 *Understanding Singapore Politics* is written to address the dearth of a succinct overview on Singapore politics This introductory text looks at the factors that shape the island republic s domestic politics the key institutions and issues in the city state electoral power as well as the political direction Singapore is likely to take in a post Lee Kuan Yew era The specific institutions covered for discussion include the mass media trade unions civil service and grassroots organisations The role of civil and civic society including pressures for democratisation is also examined In addition various new political issues the importance of race income equality and migration and their implications are discussed Finally the linkage between Singapore s domestic and foreign policy is analysed This foundational guide to Singapore politics is recommended for anyone who has an interest or a stake in the island republic

Cinema and Television in Singapore Kenneth Tan, 2008-03-31 Through close readings of contemporary made in Singapore films by Jack Neo Eric Khoo and Royston Tan and television programs Singapore Idol sitcoms and dramas this book explores the possibilities and limitations of resistance within an advanced capitalist industrial society whose authoritarian government skillfully negotiates the risks and opportunities of balancing its on going nation building project and its global city aspirations This book adopts a framework inspired by Antonio Gramsci that identifies ideological struggles in art and popular culture but maintains the importance of Herbert Marcuse s one dimensional society analysis as theoretical limits to recognize the power of authoritarian capitalism to subsume works of art and popular culture even as they attempt consciously even at times successfully to negate and oppose dominant hegemonic formations

Your Future, My Faith, Our Freedom Soon Juan Chee, 2001 *To be Free* Soon Juan Chee, 1998 This controversial book tells the personal and political stories of people who have been persecuted because they stood up for freedom and democracy in Asia The author challenges the myth that Asian values should deny human rights and democracy in Asia and prevent the international community from being concerned about these issues

Singapore Christine Niven, Paul Hellander, Peter Turner, 2000 Singapore is one of Asia s fastest growing business and travel destinations This guide includes expanded cuisine and restaurant coverage and hundreds of accommodation options for all budgets

Singapore Journal of International & Comparative Law, 2002 **Singapore from Temasek to the 21st Century** Karl Hack, Jean-Louis Margolin, Karine Delaye, 2010 Once a centre for international trade and finance Singapore has become a global city Singapore from Temasek to the 21st Century Reinventing the Global

City examines its evolution from trading port to city state showing how Singapore has repeatedly reinvented itself by creating or re asserting qualities that helped attract capital talent and trade In the 14th century the island s prosperity rested on regulating the regional carrying trade passing through the Straits of Melaka In 1819 after a long period of decline the British East India Company revived the island s fortune by making Singapore a free port and trade sustained the city until the Japanese occupation and the postwar collapse of colonial rule After independence Singapore resumed its role as a major commercial and financial center but added facilities to make the island a regional centre for manufacturing More recently it has transformed its population into an educated and highly skilled workforce and has made the island an education hub that is a magnet for research and development in fields such as biotechnology Singapore s dramatic evolutionary struggle defies description as a sequentially unfolding narrative or merely as the story of a nation In this volume an international group of scholars examines the history of Singapore as a series of discontinuous and varied attempts by a shifting array of local and foreign actors to optimise advantages arising from the island s strategic location and overcome its lack of natural resources publisher website **Singapore My Home Too** Soon Juan Chee,1995 **Asiaweek** ,1995 *Asian Thought & Society* ,1996 **Who's who in Singapore** ,2003 **The Singapore Economy** Gavin Peebles,Peter Wilson,1996 Examines general features of modern Singapore s economy government and development strategy and its macroeconomic history since the 1960s Describes the monetary system trade patterns balance of payments and the nature of its exchange rate mechanism and policy Looks at the country s growth and cyclical experiences and provides a review of the ways economists have attempted to model the economy **Singapore, a Modern Asian City-state** Brigitte Sie Kok Hwa,1997 Zsfassung in niederl nd Sprache *From Consensus to Controversy* Ralph Bachoe,1997 **Contested Paradigms of Security in the Asia-Pacific** Parama Sen,2003
