Dark Moon Apollo And The Whistleblowers:

Dark Moon Mary Bennett, David S. Percy, 2001 As the dust settles on the 30th anniversary of Apollo 11 information is now coming to light that throws into serious doubt the authenticity of the Apollo record New evidence clearly suggests that NASA hoaxed the photographs taken on the surface of the Moon These disturbing findings are supported by detailed analysis of the Apollo images by professional photographer David S Percy ARPS and physicist David Groves PhD The numerous inconsistencies clearly visible in the Apollo photographic account are quite irrefutable Recent research indicates that the errors evidenced in DARK MOON were deliberately planted by individuals determined to leave clues to the faking in which they were unwillingly involved DARK MOON is the answer to the question did the Apollo missions really land a man on the Moon and return him alive and well to Earth or is the record incorrect **The SS Brotherhood of the Bell** Joseph P. Farrell, 2006 Offers a range of exotic technologies the Nazis researched and challenges to the conventional views of the end of World War Two the Roswell incident and the beginning of MAJIC 12 the government's alleged secret team of UFO investigators The Giza Death Star Deployed Joseph P. Farrell, 2003 Physicist Joseph Farrell is amazing sequel to The Giza Death Star which takes us from the Great Pyramid of Giza to the asteroid belt and the so called Pyramids of Mars Farrell expands on his thesis that the Great Pyramid was a chemical maser designed as a weapon and eventually deployed with disastrous results to the solar system The Great Pyramid as a weapon Evidence of the Use of Weapons of Mass Destruction in Ancient Times The Astonishing Technology used in the Giza Death Star Evidence of a similar Death Star Pyramid built on Mars The mystery of the Asteroid Belt solved Topics in this amazing book include Exploding Planets The Movie the Mirror and the Model Dating the Catastrophe and the Compound A Brief History of the Exoteric and Esoteric Investigations of the Great Pyramid No Machines Please The Stargate Conspiracy The Scalar Weapons Message or Machine A Tesla Analysis of the Putative Physics and Engineering of the Giza Death Star Cohering the Zero Point Vacuum Energy Flux Synopsis of Scalar Physics and Paleophysics Configuring the Scalar Pulse Wave Inferred Applications in the Great Pyramid Quantum Numerology Feedback Loops and Tetrahedral Physics **The Archive Effect** Jaimie Baron, 2013-12-13 The Archive Effect Found Footage and the Audiovisual Experience of History examines the problems of representation inherent in the appropriation of archival film and video footage for historical purposes Baron analyses the way in which the meanings of archival documents are modified when they are placed in new texts and contexts constructing the viewer's experience of and relationship to the past they portray Rethinking the notion of the archival document in terms of its reception and the spectatorial experiences it generates she explores the archive effect as it is produced across the genres of documentary mockumentary experimental and fiction films This engaging work discusses how for better or for worse the archive effect is mobilized to create new histories alternative histories and misreadings of history The book covers a multitude of contemporary cultural artefacts including fiction films like Zelig Forrest Gump and JFK mockumentaries such as The Blair

Witch Project and Forgotten Silver documentaries like Standard Operating Procedure and Grizzly Man and videogames like Call of Duty World at War In addition she examines the works of many experimental filmmakers including those of Peter Forgcs Adele Horne Bill Morrison Cheryl Dunye and Natalie Bookchin

Invisible Residents Ivan T. Sanderson, 2005 This book is a groundbreaking contribution to the study of the UFO enigma originally published over 30 years ago In this book Sanderson a renowned zoologist with a keen interest in the paranormal puts forward the curious theory that a oeOINTS Other Intelligences live under the Earth's oceans This underwater parallel civilization may be twice as old as Homo sapiens he proposes and may have developed what we call space flight Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle What better place to have an impenetrable base than deep within the oceans of the planet Yet if UFOs or at least some of them are coming from beneath our oceans or lakes does it necessarily mean that there is another civilization besides our own that is responsible In fact could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet Whatever their source Sanderson offers here an exhaustive study of USOs Unidentified Submarine Objects observed in nearly every part of the world He presents many well documented and exciting case studies of these unusual sightings more

ended in catastrophe Minutes after the explosion the three astronauts are forced to abandon the main ship for the lunar module a tiny craft designed to keep two men alive for just two days As the hours tick away the narrative shifts from the crippled spacecraft to Mission Control from engineers searching desperately for a way to fix the ship to Lovell s wife and children praying for his safe return The entire nation watches as one crisis after another is met and overcome By the time the ship splashes down in the Pacific we understand why the heroic effort to rescue Lovell and his crew is considered by many to be NASA s finest hour Now thirty years after the launch of the mission Jim Lovell and coauthor Jeffrey Kluger add a new preface and never before seen photographs to Apollo 13 In their preface they offer an incisive look at America s waxing and waning love affair with space exploration during the past three decades culminating only recently when the Apollo 13 spacecraft itself long consigned to an aviation museum outside Paris was at last returned to its rightful home in the United States As inspiring today as it was thirty years ago the story of Apollo 13 is a timeless tribute to the enduring American spirit and sparkling individual heroism
