[The Complete Idiot's Guide to 2012](#) Synthia Andrews, Colin Andrews, 2008 In the year 2012 there will be a presidential election in Finland on January 15 the opening ceremony of the Summer Olympic Games will begin in London at 7 30 p m UTC on July 27 there will be 7 billion people living on Earth on October 19 according to the U S Census Bureau and on December 21 the Mesoamerican Long Count calendar referred to more familiarly as the Mayan calendar will complete its thirteenth cycle and based on all of these events according to the Mayan belief system the world will come to an end If you don't believe the Mayans you can check in with The Bible Code which predicts a meteor asteroid or comet will collide with the Earth The Nostradamus Code which opts for a possible nuclear war or some other natural or man made destruction or The Orion Prophecy which claims there will be a reversal of the Earth's magnetic field Pick your poison no matter what happens we're all toast Or maybe not maybe the year 2012 is just a new opportunity the dawning of a new age where we'll all get a shot at a second chance and can opt to get things right this time Could 2012 bring us good things instead of bad The Complete Idiot's Guide to 2012 gives readers a look at what the Mayan prophecy is all about what it means to them and much more The Cosmic Calendar revealed and how the ancient Egyptians the Bible the Koran Nostradamus Edgar Cayce and other sources all refer to an end time in 2012 Global warming and climate change and how the Mayans predicted them Your own personal journal and the tools you'll need to survive into the 6th Age After 2012 the end of the world or a Golden Age to come Glossary of terms and symbols resources for a changing world and exercises to assist you in your journey

The 2012 Story John Major Jenkins, 2009-10-15 On December 21 2012 the Mesoamerican Long Count calendar a 5 125 year cycle calendar system pioneered by the Maya will come to an end At the same time the earth the sun and the center of the galaxy will come together in an extremely rare cosmic alignment More and more people believe that the world as we know it will experience a transformation in 2012 but few are aware of the complete history or significance of the date John Major Jenkins among the most authoritative voices of the 2012 movement has written a definitive explanation of one of the most thought provoking phenomena of our time Drawing from his own groundbreaking research including his involvement in the modern reconstruction of Mayan 2012 cosmology and more than two decades of extensive study of Mayan culture Jenkins has created the crucial guide to understanding the story of 2012 an

essential overview of the history theory cultures and personalities that have brought this extraordinary idea into modern awareness Jenkins provides illuminating answers to some of the most asked questions about 2012 including How did the early Maya devise the calendar that gives us the cycle ending in 2012 and how does it work How did the calendar come to be rediscovered and reconstructed in our era What controversies and intrigues surround the topic and what do scholars and researchers have to say about them How can we cut through all the noise about 2012 and gain true wisdom from the Mayan teachings about this moment

Maya Cosmogenesis 2012 John Major Jenkins,1998-08-01 While researching the 2012 end date of the Maya Calendar John Major Jenkins decoded the Maya s galactic cosmology The Maya discovered that the periodic alignment of the Sun with the center of the Milky Way galaxy is the formative influence on human evolution These alignments also define a series of World Ages The fourth age ends on December 21 2012 when an epoch chapter in human history will come to an end Maya Cosmogenesis 2012 reveals the Maya s insight into the cyclic nature of time and prepares us for our own cosmogenesis the birth of a new world
