Richard Michael Connaughton

Descent Into Chaos The Doomed Expedition To Lows Gully:

Descent Into Chaos Richard Michael Connaughton,1996 In early March 1994 five exhausted and starving members of a British Army expedition emerged from Low s Gully a five mile long hell hole falling away from Mount Kinabalu in the jungles of Borneo However the achievement of the five mostly fit and able young British non commissioned officers in being the first to conquer Low s Gully was overshadowed by the fact that the other five members of the team two relatively old and senior British officers as the leaders and three young novice Chinese storemen and guards serving under the British military in Hong Kong were apparently still lost in the gully What had gone wrong and why had the group broken the golden rule for such expeditions never split up

Omai Richard Michael Connaughton,2005 A vivid account of the tragedy of England s first black celebrity the story of the Tahitian prince brought to England by Captain Cook s companion

The Impossible Climb Mark Synnott,2019-03-05 INSTANT NATIONAL BESTSELLER NEW YORK TIMES MONTHLY BESTSELLER One of the 10 Best Books of March Paste Magazine A deeply reported insider perspective of Alex Honnold s historic achievement and the culture and history of climbing One of the most compelling accounts of a climb and the climbing ethos that I ve ever read Sebastian Junger In Mark Synnott s unique window on the ethos of climbing his friend Alex Honnold s astonishing free solo ascent of El Capitan s 3 000 feet of sheer granite is the central act When Honnold topped out at 9 28 A M on June 3 2017 having spent fewer than four hours on his historic ascent the world gave a collective gasp The New York Times described it as one of the great athletic feats of any kind ever Synnott s personal history of his own obsession with climbing since he was a teenager through professional climbing triumphs and defeats and the dilemmas they render makes this a deeply reported enchanting revelation about living life to the fullest What are we doing if not an impossible climb Synnott delves into a raggedy culture that emerged decades earlier during Yosemite s Golden Age when pioneering climbers like Royal Robbins and Warren Harding invented the sport that Honnold would turn on its ear Painting an authentic wry portrait of climbing history and profiling Yosemite heroes and the harlequin tribes of climbers known as the Stonemasters and the Stone Monkeys Synnott weaves in his own experiences with poignant insight and wit tensions burst on the mile high northwest face of Pakistan s Great Trango Tower fellow climber Jimmy Chin miraculously persuades an official in the Borneo jungle to allow Honnold s first foreign expedition led by Synnott to continue armed bandits accost the same trio at the foot of a tower in the Chad desert The Impossible Climb is an emotional drama driven by people exploring the limits of human potential and seeking a perfect choreographed dance with nature Honnold dared far beyond the ordinary beyond any climber in history But this story of sublime heights is really about all of us Who doesn t need to face down fear and make the most of the time we have

A Brief History of Modern Warfare Richard Connaughton,2013-02-07 Since Vietnam both the way we fight and our reasons for going to war have become much more complex The importance of a conflict is determined not by its size or by the numbers of combatants involved but by its ripple effects and its influence upon future events In a series of thrilling

recreations of eight of the most significant encounters of the last three decades military historian Richard Connaughton presents a fascinating insight into modern warfare including interviews with some of the major figures The conflicts include Goose Green in the Falklands the invasion of Grenada Operation Desert Storm the first Iraq War Operations in Mogadishu as immortalized in the book and film *Blackhawk Down* the Siege of Gorazde and Operation Barras in Sierra Leone as well as more recent events at Fallujah Iraq and in Helmand Province Afghanistan Richard Connaughton has interviewed most of the major figures involved in each of the conflicts and offers powerful insights into why battles either work or don't This book will tell you what warfare means in the contemporary world and how it can affect tomorrow An Arabian Affair Alan

Munro, 1996 This book looks at the crisis over Kuwait in all its aspects its background and causes and the dramatic course of events as they unfolded over the eight tense months which followed the invasion in the first days of August 1990 as seen from the vantage point of the author's action station as British ambassador to Saudi Arabia Particular emphasis is given to the crucial role played by Saudi Arabia as architect and lynchpin of the widely assorted coalition which came together to confront Iraq's aggression The author gives a lively first hand account of successive stages in the crisis and backs this with an explanation of the factors some of which go back many years which led to the rise of Saddam Hussein and the threat he presented to international security The book discusses the complex day to day interplay of diplomacy which took place between Saudi Arabia Britain and other western Arab and Moslem partners as well as with a Soviet Union in terminal decline Insights are revealed into the lead given by the United States through her armed forces and in the Security Council and the course of her relationship on the ground with her major western associates Britain and France The backdrop for all this activity is painted in with contemporary undercurrents of Middle East politics the Arab Israel peace process the shadow of revolutionary Iran and the passions of Islamic revivalism The crisis left its imprint on them all **Marching to Captivity**

Gustave Folcher, 1996 Gustave Folcher's story is that of an ordinary peasant from the Languedoc called up into the French Army in September 1939 forced to endure the confusion and incompetence of his superiors during the Phoney War and the disastrous battles of May June 1940 captured by the Germans and subsequently removed to a labour farm in north eastern Germany for the rest of the war Finally released by the advancing Allies Folcher found his way back through the chaos of war torn Europe to his beloved village of Aigues Vives near Nimes on 12 May 1945 Throughout the six years of war bored by the endless card games of his comrades Gustave Folcher kept a record of his experiences in old excise books These were eventually discovered by Remy Cazals and the Federation audioise des oeuvres laiques and published in France in 1981 They provide a unique and fresh account of a soldier at war of the disintegration of French and German peasant life and finally and most dramatically of the breakdown of German society as the defeat of Nazism approached This is a dramatic story told by a clear eyed observer of a side of the Second World War little known to English readers *The Alpine Journal*, 1998 The British National Bibliography Arthur James Wells, 1998
