Descriptive Catalogue Of The Etched Work Of Wenceslaus Hollar 1607 1677:

A Descriptive Catalogue of the Etched Work of Wenceslaus Hollar 1607-1677 Richard Pennington, 1982-09-09 A catalogue of over 2 700 etchings which form an important pictorial chronicle of seventeenth century England A Descriptive Catalogue of the Etched Work of Rembrandt Van Rhyn Charles Henry Middleton-Wake, 1878 *A Descriptive Catalogue of the Etched Work of Rembrandt Van Rhyn* Charles Henry Middleton, 1878 **Intellectual and Imaginative Cartographies in Early Modern England** Patrick Murray, 2022-08-05 Taking as its focus an age of transformational development in cartographic history namely the two centuries between Columbus's arrival in the New World and the emergence of the Scientific Revolution this study examines how maps were employed as physical and symbolic objects by thinkers writers and artists It surveys how early modern people used the map as an object whether for enjoyment or political campaigning colonial invasion or teaching in the classroom Exploring a wide range of literature from educational manifestoes to the plays of Marlowe and Shakespeare it suggests that the early modern map was as diverse and various as the rich culture from which it emerged and was imbued with a whole range of political social literary and personal impulses **Intellectual and Imaginative Cartographies in Early Modern England 1550 1700** will appeal to all those interested in the History of Cartography *Printed Images in Early Modern Britain* Michael Hunter, 2016-12-05 Printed images were ubiquitous in early modern Britain and they often convey powerful messages which are all the more important for having circulated widely at the time Yet by comparison with printed texts these images have been neglected particularly by historians to whom they ought to be of the greatest interest This volume helps remedy this state of affairs Complementing the online digital library of British Printed Images to 1700 www.bpi1700.org.uk it offers a series of essays which exemplify the many ways in which such visual material can throw light on the history of the period Ranging from religion to politics polemic to satire natural science to consumer culture the collection explores how printed images need to be read in terms of the visual syntax understood by contemporaries their full meaning often only becoming clear when they are located in the context in which they were produced and deployed The result is not only to illustrate the sheer richness of material of this kind but also to underline the importance of the messages which it conveys which often come across more strongly in visual form than through textual commentaries With contributions from many leading exponents of the cultural history of early modern Britain including experts on religion politics science and art the book's appeal will be equally wide demonstrating how every facet of British culture in the period can be illuminated through the study of printed images **Peter Stent, London Printseller** Alexander V. Globe, 2011-11-01 From the 15th century on engravings influenced European culture almost as profoundly as books Like stained glass windows in the Middle Ages or television today popular prints were designed to reach even the lowest orders of society In the 17th century Peter Stent whose shop stood outside Newgate was England's most prolific seller of popular prints maps and copybooks to the working and rising middle classes His inventory of copper plates reflected the

shifts of popular tastes during this period and commented directly on the turbulent events of the day In documenting Stent's output Alexander Globe studied the printsellers advertising catalogues as external controls for reconstructing inventories as well as indices to contemporary tastes From these and other contemporary sources Globe cites every engraving and book attributable to Stent breaking down the material into types portraits maps miscellaneous sheets and books including works on handwriting politics natural history anatomy costume and architecture References and additions are made to the catalogues of Donald Wing and A M Hind Globe takes the history of engraving beyond Hind by including prints from the Commonwealth Protectorate and early Restoration periods Eight appendices supplement the catalogue information They provide evidence for print identification discuss paper sizes and list Stent's artists suppliers and business associates All the collections in which Stent items may be found are named The volume concludes with a bibliography and indices of subject as well as post 17th century authors Globe's introduction to Stent's work is concerned with the social political and economic conditions leading to the emergence of a popular printseller who catered to a different clientele from that usually studied by art historians Stent's career illustrates the mid 17th century commercial revolution which saw the artisan's customers change from the wealthy leisure class to the worker who wanted mass produced cheap goods Drawing on material in a hundred libraries and museums around the world the catalogue describes over fifteen hundred engravings including 319 sheets and five books of portraits 42 maps 102 miscellaneous prints and sets with religious classical heraldic and satirical subjects and 86 books on handwriting politics military training natural history figure sketches costume architecture and ornament Richly illustrated with 319 plates Peter Stent will prove valuable not only to print dealers art historians museums and libraries but also to social cultural and political historians

The English Virtuoso Craig Ashley Hanson, 2009-05-15 This study aims to overturn 20th century criticism that cast the English virtuosi of the 17th and early 18th centuries as misguided dabblers arguing that they were erudite individuals with solid grounding in the classics deep appreciation for the arts and sincere curiosity about the natural world

The English and Their Legacy, 900-1200 David Roffe, 2012 The dynamics of medieval societies in England and beyond form the focus of these essays on the Anglo Norman world Over the last fifty years Ann Williams has transformed our understanding of Anglo Saxon and Norman society in her studies of personalities and elites In this collection leading scholars in the field revisit themes that have been central to her work and open up new insights into the workings of the multi cultural communities of the realm of England in the early Middle Ages There are detailed discussions of local and regional elites and the interplay between them that fashioned the distinctive institutions of local government in the pre Conquest period radical new readings of key events such as the crisis of 1051 and a reassessment of the Bayeux Tapestry as the beginnings of the *Historia Anglorum* studies of the impact of the Norman Conquest and the survival of the English and explorations of the social political and administrative cultures in post Conquest England and Normandy The individual essays are united overall by the articulation of the local regional and national identities
