Desert Rampage William Hopson,1951 Mountain Bike ,2008-09 Mountain Bike magazine has everything for the mountain bike enthusiast from the best mountain bike and equipment reviews to a trail database with the recommended MTB trails **The Sharp Empire II** Tyler Johns,2013-06 Tyler McKenzie Johns is an excellent story creator He is a true man of genius He created this story with monsters and villains that he made up in his past like somebody evil killing the purple dinosaur on TV Barney evil knights fighting the dragons of the PBS Kids show Dragon Tales and monsters abducting the puppet lions of another PBS Kids show called Between the Lions For this story he created characters as animals only he would know things about like prehistoric therapsids half mammal half reptile and cassowaries which are large black feathered bodied birds with blue heads with bony crests on top those birds are related to ostriches and emus ratites

Gendering Science Fiction Films S. George,2013-11-18 In the 1950s science fiction invasion films played a complicated part in supporting and criticizing Cold War ideologies By reading these invasion narratives as performances of middle class white Americans excitement and anxiety about social and political issues George shows how they often played out as another round in the battle of the sexes **Montgomery vs Rommel at El Agheila 1942** Zita Ballinger Fletcher,2025-04-28 Explores the complex rivalry between Generals Montgomery and Rommel in North Africa highlighting their contrasting strategies and personal traits In 1942 following a decisive British victory at the Second Battle of El Alamein the sands of fortune were shifting against German forces in the Sahara Field Marshal Erwin Rommel s inexorable advance toward Cairo was thwarted Church bells pealed in embattled England for the first time since the start of World War II as Winston Churchill hailed the end of the beginning But the elusive Desert Fox was a master of mobility Even as the sun set on his desert glory he was far from finished British Gen Bernard Montgomery victor of El Alamein was at then the highest point of his career He had overcome many adversities to meet his moment of military destiny galvanized a flagging army and smashed the proud German troops with a blow he would be proud of for the rest of his life But Monty found his own fortunes changing as he pursued the Desert Fox Hamstrung by a distended supply line Monty was now vulnerable to attack by the vengeful Rommel The British troops flush with victory grew fearful as they approached an eerie dune wasteland in Libya known as El Agheila One setback would be enough to cast their laurels into the dust and shatter their faith in their rising commander Both generals faced each other with uncertainty as another fight loomed on the horizon One false move could have far reaching political consequences The outcome of the battle would answer a critical question who would hold the gateway to Egypt This compelling book tells the story of Monty and Rommel battling in North Africa as never before describing them as two very different commanders and shedding light on the dissimilar characteristics that made them formidable fighters It argues that Monty was more aggressive than many historians give him credit for and that Rommel had more of a conscience than is often attributed to him examining the origins of his disloyalty to Hitler This riveting read draws attention to a little known battle
