Designing Preschool Interventions David W. Barnett, Susan H. Bell, Karen T. Carey, 2002-08-01 This practical text delineates the basic steps of developing effective interventions for learning and behavior difficulties in children aged two to five The authors set forth an ecological framework that stresses identifying problem situations rather than classifying individual children as disabled or at risk The core components of naturalistic intervention design are covered in depth including teacher and parent interviewing classroom observation and functional assessment team based problem solving strong accountability methods and legal and ethical safeguards Solidly grounded in empirical research the book presents examples of successful interventions for fostering social competence and language skills and improving interactions with parents teachers and peers *Resources in Education* ,1993 *Resources in education* ,1990-05 **Exceptional Child Education Resources** ,2002 *Learners with Emotional and Behavioral Disorders* Anne M. Bauer, Thomas M. Shea, 1999 Introduces Special Education teachers and School Psychologists to a new integrated perspective for understanding and working with students who exhibit emotional behavior disorders one that is student centered and grounded in the ecological basis of child development Describes existing theoretical perspectives and the developmental contexts in which learners develop and act Discusses the individual and his or her developmental contexts e g biological and temperamental aspects learning and interactional styles family factors cultural diversity and gender and classroom factors Explores how learners are identified and placed in special education and related services Provides information regarding behavior change intervention of individuals and groups Considers prevention and issues related to learners considered at risk For Special Education teachers and School Psychologists who deal with behavioral disorders or characteristics of children with emotional behavioral disorders *School Violence Intervention* Jane Close Conoley, Arnold P. Goldstein, 2004-07-26 This work offers effective intervention strategies for managing school violence Opening with a range of perspectives on student aggression it provides a comprehensive view on practical interventions at the student school and systems levels Practitioners present empirically grounded strategies for an array of school settings and situations seeking to help readers make informed decisions about the approaches that would be most effective in their own environments The first part of the text presents information on the nature and prevalence of youth violence today and outlines strategies geared toward making the school physically safer establishing clear behaviour standards providing adequate adult presence enforcing rules fairly and sanctioning offenders and creating partnerships with outside agencies The chapters that follow describe a range of

interventions directed toward aggressive students themselves which have proved highly effective in outcome evaluation research These approaches include behavioural classroom management crises and gang orientated interventions and preventative pre school programmes In addition it details school orientated strategies such as academic and curriculum interventions vandalism control and effective security policy Exploring the complex relationship among school behaviour family life and community chapters also consider avenues toward effecting change in the larger context of the students lives A hands on manual for dealing with some of the most intractable problems education professionals face this book offers extensive information for school psychologists and researchers

The Special Education Sourcebook Michael S. Rosenberg,Irene Edmond-Rosenberg,1994 This resource guide will help special education and general education teachers working with children with developmental emotional physical and learning disabilities The sources described within can help them to understand and assess their students special learning needs and to learn about the most appropriate teaching approaches and strategies
