

How to Create *Tarot Spreads*

STEP 1

Understand the Question & Goal

The question is straightforward - but the goal may be more complex. It represents the longer term, indirect desire that you have regarding the question. What is it that you or your client is really looking for?

STEP 2

Develop Positions

Your task will be to dissect the pieces of information you have into more specific questions, whose answers help you paint a clear picture of the situation. Broadly, I try to break down each question into three parts:

CIRCUMSTANCES

What do you have no control over?
What is hidden?
Who is involved?
What do I need to know?
How is your environment?
Where can I find help?
Where are opportunities?
How am I approaching the problem?
How do others perceive me?
Where in the journey am I?

Identifying the environment
around your question.

UNDERLYING PROBLEM

What is blocking me?
What are the obstacles?
What is my true wish?
What is my ultimate goal?
What would make me happy?
What do I need to develop?
What can I change?
What are my strengths?
What are my weaknesses?
What is my biggest challenge?

Find the source of the problem.

SOLUTION

What advice do I need?
What can help me overcome?
What can I do?
Where is this leading to?
How can I use opportunities?
Where should I focus?
What do I need to let go of?
What do I need to learn?

Guide towards a solution.

STEP 3

Design Layout

Visually, you can lay out the cards in the shape of something that is related to the theme of the spread. If you're doing this on the fly for someone else, laying down the cards side by side shouldn't be an issue. **Order** is more important.
