Designing Modernity

George H. Marcus

Designing Modernity:

Designing Modern Norway Kjetil Fallan, 2016-09-19 *Designing Modern Norway* A History of Design Discourse is an intellectual history of design and its role in configuring the modern Norwegian nation state Rather than a conventional national design history survey that focuses on designers and objects this is an in depth study of the ideologies organizations strategies and politics that combined might be said to have designed the modern nation s material and visual culture The book analyses main tropes and threads in the design discourse generated around key institutions such as museums organisations and magazines Beginning with how British and continental design reform ideas were mediated in Norway and merged with a nationalist sentiment in the late nineteenth century *Designing Modern Norway* traces the tireless and wide ranging work undertaken by enthusiastic and highly committed design professionals throughout the twentieth century to simultaneously modernise the nation by design and to nationalise modern design Bringing the discussion up towards the present the book concludes with an examination of how Norway s new found wealth has profoundly changed the production mediation and consumption of design *Designing Modernity* Wendy Kaplan, Wolfsonian Foundation, 1995 Exhibition L A

County Museum 7 21 8 22 96 Co published with Wolfsonian **An Introduction to Design and Culture** Penny Sparke, 2013 This third edition of *An Introduction to Design and Culture* has been revised and updated throughout to include issues of globalization sustainability and digital interactive design New for this edition is a chapter which covers key changes in design culture Design culture has changed dramatically in the 21st century the designer hero is now much less in evidence and design has become much more interdisciplinary Drawing on a wealth of mass produced artefacts images and environments including sewing machines cars televisions clothes electronic and branded goods and exhibitions author Penny Sparke shows how design has helped to shape and reflect our social and cultural development This introduction to the development of modern and postmodern design is ideal for undergraduate students **Designing Modern Germany**

Jeremy Aynsley, 2009-05-15 German design and architecture reflects the country s rich and fraught political history in its structure and aesthetic philosophy Jeremy Aynsley now offers an in depth study of this relationship between German history and design since 1870 and the compl *A Dictionary of Modern Design* Jonathan Woodham, 2016-05-19 Over 950 entries From the Arts and Crafts Movement to Postmodernism Apple to Frank Lloyd Wright this fascinating dictionary covers the past 160 years of international design with accessible entries on branding graphics industrial design functionalism and fashion New entries on digital design and sustainable design bring the coverage up to date The dictionary s international focus takes in major movements key concepts design terminology and important design institutions museums and heritage sites The new edition reflects the growing global importance of design with coverage of India China the countries of the Pacific Rim Eastern Europe and East Asia and demonstrates how developments in the design of technology influence everyday life with new entries on fonts games developers such as Gunpei Yokoi of Nintendo Android Samsung and Blackberry

and a fully revised entry on Apple The A Z entries are complemented by an extensive bibliography and a timeline

Modernism Christopher Wilk, 2006 Modernism flourished from 1914 to 1939 and it was a key point of reference for 20th century architecture design and art This work explores Modernism and design from an international perspective and reveals the ways in which it has shaped our world and its visual culture

History of Modern Design David Raizman, 2003 An exploration of the parallel development of product and graphic design from the 18th century to the 21st The effects of mass production and consumption man made industrial materials and extended lines of communication are also discussed

Making it Modern Aaron Betsky, 2016-12-15 At its root modernism is that fundamental It is a question of having something to represent that is of the moment In the most radical interpretation modernism always comes too late The modern is that which is always new which is to say always changing and already old by the time it has appeared Modernism is always a retrospective act one of documenting or trying to catch what has already appeared an attempt to fix life as it is being lived Modernity is just the very fact that we as human beings are continually remaking the world around us through our actions and are doing so consciously Modernism is a monument to or memory of that act which in its own making tries to remake the world it is pretending to represent

The Politics of the Artificial Victor Margolin, 2018-01-11 Emerging from the world of commercial art and product styling design has now become completely integrated into human life Its marks are all around us from the chairs we sit on to the Web sites on our computer screens One of the pioneers of design studies and still one of its most distinguished practitioners Victor Margolin here offers a timely meditation on design and its study at the turn of the millennium and charts new directions for the future development of both fields Divided into sections on the practice and study of design the essays in *The Politics of the Artificial* cover such topics as design history design research design as a political tool sustainable design and the problems of design s relation to advanced technologies Margolin also examines the work of key practitioners such as the matrix designer Ken Isaacs Throughout the book Margolin demonstrates the underlying connections between the many ways of reflecting on and practicing design He argues for the creation of an international interdisciplinary field of design research and proposes a new ethical agenda for designers and researchers that encompasses the responsibility to users the problems of sustainability and the complicated questions of how to set

boundaries for applying advanced technology to solve the problems of human life Opinionated and erudite Victor Margolin s *The Politics of the Artificial* breaks fresh ground in its call for a new approach to design research and practice Designers engineers architects anthropologists sociologists and historians will all benefit from its insights

Design and Modernity in Asia Yunah Lee, Megha Rajguru, 2022-10-20 This new edited volume of critical essays examines designs for modern living in Asia between 1945 and 1990 Focusing particularly on the post World War II and postcolonial years this book advances multidisciplinary knowledge on approaches to and designs for modern living Developed from extensive primary research and case studies each essay illuminates commonalities and particularities of the trajectories of Modernism and notions of

modernity their translation and manifestation in life across Asia through design Authors address everyday negotiations and experiences of being modern by studying exhibitions architecture modern interiors printed ephemera literary discourses healthy living movements and transnational networks of modern designers They examine processes of exchange between people institutions and with governments in and across Asia as well as with the USA and countries in Western Europe This book highlights the ways in which the production and discourses of modern design were underscored by economic advancement and modernization processes and fuelled by aesthetic debates on modern design Critically exploring design for modern living in Asia this book offers fresh perspectives on Modernism to students and scholars **Designing Modernity** Wendy Kaplan,1995 Introduction to Modern Design George H. Marcus,2019-12-26 With some 280 colour illustrations Introduction to Modern Design takes us on a visual survey of design from the Industrial Revolution of the eighteenth century to the Maker Movement of today It offers a new understanding of the birth of modern design in the early twentieth century and chronicles the way its meaning has changed over the decades The narrative is supported by twenty six readings from significant texts by designers and critics offering readers an opportunity to learn about design from those who created it and those who commented on it as it was done The focus of this book is on the objects themselves from industrial design furniture ceramics textiles graphics electronics to automobiles and explores the development of these designs in relation to industrialization technology environmental responsibility consumerism individual needs and the expression of the social values of their day Clearly written and accessible Introduction to Modern Design provides a succinct history of and fascinating insights into the world of design Designing the Modern Interior Penny Sparke,2009-06 Designing the Modern Interior reveals how the design of the inside spaces of our homes and public buildings is shaped by and shapes our modern culture *Henry Van de Velde* Katherine Marie Kuenzli,2019 The painter designer and architect Henry van de Velde 1863 1957 played a crucial role in expanding modernist aesthetics beyond Paris and beyond painting Opposing growing nationalism around 1900 he sought to make painting the basis of an aesthetic that transcended boundaries between the arts and between nations through his work in Belgium France Germany and the Netherlands Van de Velde s internationally recognized designs for homes museums and theaters are often associated with Art Nouveau and the Jugendstil after 1900 he helped define the fields of modern architecture and design in the German Werkbund He also laid the groundwork for the Bauhaus which grew out of the applied and fine art schools he designed in Weimar When van de Velde was exiled from Germany after the outbreak of World War I he recommended that Walter Gropius succeed him as the director of the school This long awaited book the first major work on van de Velde in English positions him firmly as one of the 20th century s most influential practitioners of design and architecture and a crucial voice within the modern movement Publisher s description **Bringing Modernity Home** Judy Attfield,2007-06-15 Bringing Modernity Home offers a retrospective view of the development of popular taste and the beginnings of a new phase in the rise of the consumer society in the post Second World

War period It traces the change to consumer led design after a time of grim austerity and recovery from the war while the state and production considerations held sway when consumers couldn't afford taste The case studies of so called frivolous items like the cocktail cabinet the coffee table and the rise of DIY in the working class homes of the new towns gives a flavor of the excitement and thrill they afforded designers makers and consumers after the harsh deprivations of the war

Designing Modern America Christopher Innes, Professor Christopher Innes, 2005-01-01 The story of two legendary designers who made modern America *Proceedings of the International Conference on Designing Pleasurable Products and Interfaces*, 2003 **Essential Modernism** Philip Brookman, Paul Greenhalgh, Sarah Newman, 2007 Published on the occasion of the Corcoran Gallery of Art's presentation of the exhibition Modernism Designing a New World 1914 1939 March 17 July 29 2007 Exhibition originally conceived by and first shown at the Victoria and Albert Museum London in 2006 P iv

Design Book Review, 1996 Meanings of Modernity Bernhard Rieger, Martin Daunton, 2001 This text addresses the history of Britain in the context of modernism from Victorian debates about national character to exhibitions of artefacts such as the moving pavement that revolutionised the future appearance of cities
