Designs On The Landscape Everyday Landscapes Values And Practice:

Designs on the Landscape R. A. Preece, 1991 This textbook explains the principles of landscape design for landscape architects and environmental managers blending the theory of landscape aesthetics with the practice of good architectural design It recognizes that visual and cultural aspects are intimately related to technical and functional matters and accordingly sets out to treat these as parts of the whole It articulates a concern over insidious and incremental changes occurring in the visual environment through both development and management processes and advocates more thought about details as well as strategy

Reshaping Urban Conservation Ana Pereira Roders, Francesco Bandarin, 2019-02-07 This volume focuses on the implementation of the 2011 UNESCO Recommendation on the Historic Urban Landscape HUL approach designed to foster the integration of heritage management in regional and urban planning and management and strengthen the role of heritage in sustainable urban development Earlier publications and research looked at the underlying theory of why the HUL approach was needed and how this theory was developed and elaborated by UNESCO A comprehensive analysis was carried out in consultation with a multitude of actors in the twenty first century urban scene and with disciplinary approaches that are available to heritage managers and practitioners to implement the HUL approach This volume aims to be empirical describing analyzing and comparing 28 cities taken as case studies to implement the HUL approach From those cases many lessons can be learned and much guidance shared on best practices concerning what can be done to make the HUL approach work Whereas the previous studies served to illustrate issues and challenges in this volume the studies point to innovations in regional and urban planning and management that can allow cities to avoid major conflicts and to further develop in competitiveness These accomplishments have been possible by building partnerships devising financial strategies and using heritage as a key resource in sustainable urban development to name but a few effective strategies For these reasons this volume is primarily pragmatic linked to the daily work and challenges of practitioners and administrators using specific cases to assess what was and is good about current practices and what can be improved in accordance with the HUL approach and aims
