

Des Masquerade

Michael Hoelscher

Des Masquerade:

De Quincey's Gothic Masquerade Patrick Bridgwater, 2004-01-01 De Quincey's Gothic Masquerade is what has long been needed: a study of Thomas De Quincey's Gothic and Gothic-related texts by a Germanist working on Gothic and specializing in Anglo-German literary relations. Various and identified as Gothic Hero, Gothic Parasite, and author of a Gothick sport, De Quincey is the dark horse of Gothicism for while his work has increasingly been associated with Gothic, not one of the recent companions to Gothic so much as mentions his name. Definitions of what is meant by Gothic have changed of course and are still evolving, claiming more territory all the time, but Gothic specialists also have their blind spots, of whom De Quincey is one. One reason for this state of affairs will be the fact that in his work the Gothic is interwoven with the German to which modern English studies all too often turn a blind eye. In this timely study of his work in relation to Gothic convention, the author addresses the question of De Quincey's reputed knowledge of German Gothic Romantic literature and the related question of supposed German influences on his Gothic work and shows that his fiction is not less but more original than has been thought. The texts examined are those on which, for better or worse, his reputation as a writer, both of autobiography and of fiction, depends. Focusing on the Gothic takes one to the heart of his literary masquerade and more especially to the heart of his masked autobiographical enterprise. Gothic, because of its formulaic nature, represents a place where he belongs, a place where his sense of guilt can be seen as part of a wider pattern, thus countering his pariah self-image and enabling him to make some sort of sense of the Gothic ruin of his life. Addressed to all who are interested in De Quincey's work and its place in literary history and to the many readers in the English and German-speaking worlds who share De Quincey's and the author's enthusiasm for Gothic, this book adds considerably to the scope of De Quincey studies which it enables to move on from some of the main unanswered questions of the past.

Masquerades in African Society Walter E. A. Van Beek, Harrie M. Leyten, 2023 What is the meaning of masks and masquerades in African traditions and how can we understand their role in rituals and performances? Why do we find masks in some African regions and not in others and what does this mask habitat say about the general dynamics of masquerades in Africa? Though masks are among the most famous art icons of Africa, exploration of their uses and the way in which they articulate social characteristics of African societies has been underexamined. This book takes an anthropological perspective on the phenomenon of masquerades on the African continent to show how mask rituals are an integral part of African indigenous religions and societies and are informed by and linked to specific types of social and ecological conditions. Having established the commonalities of mask rituals and a mask typology, the authors look at the varieties of mask performances and the types of rituals in which masks function in rites of passage and in rituals of gender, power, and identity.
