Desert Fathers On Monastic Community:

The Desert Fathers on Monastic Community Graham Gould, 1993 A study of the life and thought of the Christian monks of 4th and 5th century lower Egypt whose views have been influential at many points in the subsequent history of Christianity It suggests that they were able to combine their concern for solitude with a commitment to the value of community

The Desert Fathers on Monastic Community ,1993 A study of the life and thought of the Christian monks of 4th and 5th century lower Egypt whose views have been influential at many points in the subsequent history of Christianity It suggests that they were able to combine their concern for solitude with a commitment to the value of community

The Sayings of the Desert Fathers ,1975-02-01 Give me a word Father visitors to early desert monks asked The responses of these pioneer ascetics were remembered and in the fourth century written down in Coptic Syriac Greek and later Latin Their Sayings were collected in this case in the alphabetical order of the monks and nuns who uttered them and read by generations of Christians as life giving words that would help readers along the path to salvation

Cassian and the Fathers Thomas Merton, 2005 *Cassian and the Fathers* is the initial volume in the series of Novitiate Conferences of Thomas Merton the classes he presented to young men beginning their monastic life at the Abbey of Gethsemani in Kentucky They contain Merton's insights on important Patristic and monastic figures preceding the time of St Benedict above all John Cassian the most significant bridge between the early desert fathers and the development of monastic life in the West and they reveal the continuing relevance of their teachings for contemporary monastics and other Christians Much of the value and interest of *Cassian and the Fathers* as of the novitiate conferences in general lies in the light it casts on Merton himself as teacher novice master and monk These notes provide a privileged standpoint for observing Merton functioning as an integral and important member of his monastic community The public Merton has long been visible in his works written for publication and has more recently been complemented by the interpersonal Merton disclosed in his correspondence and the intimate Merton revealed in his complete journals While the novitiate conferences may not equal in significance these other sources they do allow access to yet another stratum of Merton's wide ranging and immensely productive engagement with his world from the distinctive standpoint he had chosen within a tradition dating back more than sixteen centuries While these lectures need to be used critically and carefully in evaluating Merton's own perspectives and commitments nevertheless they do need to be used The dialectical relationship between Merton's private and more public statements including those made to his novice classes makes possible a more complex and thus a richer picture of his monastic identity and so of his personal identity In learning about *Cassian and the Fathers* from Merton one learns as well about Merton as monk as heir to the great monastic teachers and as teacher of a new generation of monks an easily overlooked and undervalued yet integral even central component of his vocation for more than half his monastic life Thus the publication of the novitiate conferences will fill a significant lacuna in Merton studies and contribute to a balanced holistic comprehension and appreciation of Thomas

Merton's life and work This edition includes an extensive introduction situating these conferences and Merton's years as novice master in the context of his broader life as monk and writer an extensively annotated edition of the text of the conferences based on Merton's own typescript and helpful appendices indicating changes Merton made to his text correlating the written text with taped versions of the actual classes and providing suggestions for further reading both in Merton's other works and in more recent studies of the figures he discusses here

Discernment in the Desert Fathers

Antony D. Rich, 2007-04-01 Discernment in the Desert Fathers is a study of discernment Diakrisis in the life and thought of the fourth and fifth century Egyptian Desert Fathers Rich argues that their understanding of Diakrisis was based upon a practical application of biblical Diakrisis in general and not as has been argued primarily a development of the gift of discernment of spirits He begins with an examination of Scripture and goes on to consider the philosophical and theological background of the period as represented by Plotinus and Origen respectively An examination of the works of the first theologians of the desert Evagrius and Cassian who lived among these first Christian monks and nuns provides an early interpretation of the sayings of the Desert Fathers or Apophthegmata Patrum The Greek Latin and Coptic sayings that survive are then examined in detail some of them translated into English for the first time This in-depth analysis including the comprehensive list of cross references which will be a valuable resource for scholars researching the subject in the future provides many insights into the lives of these early Christians and demonstrates how Diakrisis touched every aspect of their inward and outward lives Rich concludes that Diakrisis was a critical faculty and charism central to the spiritual and practical life of these early monks and nuns in their mystical search for God for purity of life and knowledge of him

An Introduction to the Desert Fathers

Jason Byassee, 2007-08-15 The desert fathers wanted to get away from a church co-opted by empire and a Christian faith grown cold and listless They retreated to the desert to do battle against demons and against their own worst desires They had no intention of being famous yet ironically their Sayings have inspired millions of imitators over the centuries This guide is meant to accompany a reading of the Sayings of the Desert Fathers in hopes that readers with lives quite different than those third and fourth century dwellers of the Egyptian desert might nevertheless come to imitate their lives of poverty chastity and obedience and more importantly that readers might grow more imaginative and passionate in their following of the same Lord

tradition **The Desert Fathers** Benedicta Ward, 2003-03-27 The Desert Fathers were the first Christian monks living in solitude in the deserts of Egypt Palestine and Syria In contrast to the formalised and official theology of the founding fathers of the church the Desert Fathers were ordinary Christians who chose to renounce the world and live lives of celibacy fasting vigil prayer and poverty in direct and simple response to the gospel Their sayings were first recorded in the 4th century and consist of spiritual advice anecdotes and parables The Desert Fathers teachings and lives have inspired poetry opera and art as well as providing spiritual nourishment and a template for monastic life *Desert Dangers and Delights* John Michael Talbot, 2020-01-14 The spirituality and lives of the desert fathers and mothers are often seen as the beginning and end of Christian monastic life Their stories and messages inspire not only the most devout Christians but also the nuns and the monks In *Desert Dangers and Delights* John Michael Talbot reflects on his experience as a spiritual father and a popularizer of Catholic Christian spirituality through his music and teaching He uses his own stories Scripture and the stories and sayings of the desert fathers and mothers to show a radically alternative way of living and thinking in Christ With questions for reflection at the end of each chapter this book will aid all readers from experienced monastics to those just beginning a spiritual journey with Christ **The Desert Movement** Alexander Ryrie, 2011 An exciting new history for anyone interested in the Early Church Drawing on recent research and newly translated texts it sheds significant new light on the influence of Desert spirituality introducing us to the lives of previously unknown monastic figures **Christianity and Monasticism in Wadi Al-Natrun** Magad S. A. Mikhail, Maged S. A. Mikhail, Mark Moussa, 2009 International specialists in Coptology examine various aspects of Coptic civilisation in Wadi al Natrun over the past 1700 years Their studies centre on aspects of the history and development of monasticism in Wadi al Natrun as well as the art architecture and archaeology of the four existing and numerous former monasteries of the region *The Making of the Monastic Community of Fulda, c.744-c.900* Janneke Raaijmakers, 2012-03-01 The monastic community of Fulda was one of the most powerful institutions in early medieval Europe This book traces the development of the community from its foundation in the 740s over one and a half centuries a period richly documented by a variety of texts and archaeological remains These sources reveal how Fulda's success forced the monks to rethink their goals and the ways in which they sought to achieve them Its close connection to the Carolingian royal court also makes Fulda a fascinating case study of how local events influenced life in the palace and vice versa The importance of Fulda and the rich array of sources associated with it have long been recognised but this is the first full study bringing together theology architectural history and archaeology The result is a vivid picture of life in this monastery and also in early medieval religious communities in general **Encyclopedia of Monasticism: A-L** William M. Gorg, 2011-08-12 In the late third century more and more people withdrew to the radical seclusion of the desert so as to live entirely for God under the direction of a spiritual father Among these Desert Fathers one figure is especially preeminent Saint Anthony the Hermit This book takes the reader back to the hour when monasticism was born and describes the life of those revolutionary Christians who sought God in the Egyptian desert The focus of the book is the life and work of Saint Anthony whose experiences of the spiritual life have a timeless beauty and validity even for those not called to live as a monk The second half of the book presents other Desert Fathers such as Paul of Thebes Pachomius and Simeon Stylites as well as the great founders of the monastic communities in Western Europe who were inspired by them John Cassian Columban and Benedict for example The monk's self denial begins radically in precisely those departments of life which have perennially seemed to be the most important ownership self determination and sexuality At the same time those who admonish so uncomfortably become the salt that lends Christianity its original flavor Just as the saints are God's specific answer to the needs of a given time so too are the religious orders that have been founded over the course of the centuries Peter G rg [Letters from the](#)
