The development of atomic bombs under the auspices of the U S Army s Manhattan Project during World War II is considered to be the outstanding news story of the twentieth century In this book a physicist and expert on the history of the Project presents a comprehensive overview of this momentous achievement The first three chapters cover the history of nuclear physics from the discovery of radioactivity to the discovery of fission and would be ideal for instructors of a sophomore level Modern Physics course Student level exercises at the ends of the chapters are accompanied by answers Chapter 7 covers the physics of first generation fission weapons at a similar level again accompanied by exercises and answers For the interested layman and for non science students and instructors the book includes extensive qualitative material on the history organization implementation and results of the Manhattan Project and the Hiroshima and Nagasaki bombing missions The reader also learns about the legacy of the Project as reflected in the current world stockpiles of nuclear weapons This second edition contains important revisions and additions including a new chapter on the German atomic bomb program and new sections on British and Canadian contributions to the Manhattan project and on feed materials Several other sections have been expanded reader feedback has been helpful in introducing minor corrections and improved explanations and last but not least the second edition includes a detailed index      Manhattan Project Cynthia C. Kelly,2009-02-10 The definitive collection of writings on the Manhattan Project by the pre eminent scientists historians and the everyday observers who bore witness to the birth of the modern nuclear age Begun in 1939 the Manhattan Project eventually employed more than 130 000 people including our foremost scientists and thinkers and cost nearly 2 billion while operating under a shroud of absolute secrecy This groundbreaking collection of documents essays articles and excerpts from histories biographies plays novels letters and the oral histories of key eyewitnesses provides unique perspectives for the historian and student of history all compiled by experts at the Atomic Heritage Foundation Photographs throughout depict key moments and pivotal figures The Manhattan Project gives actual voice to a significant period in history      *Birthplace of the Atomic Bomb* William S. Loring,2019-03-08 It was not Robert Oppenheimer who built the bomb it was engineers chemists and young physicists in their twenties many not yet having earned a degree The first atomic bomb was originally conceived as a backup device a weapon not then currently achievable The remote Trinity Site the birthplace of the bomb was used as a test range for U S

bombers before the first nuclear device was secretly detonated After the blast locals speculated that the flash and rumble were caused by colliding B 29s while Manhattan Project officials nervously measured high levels of offsite radiation Drawing on original documents many recently declassified the author sheds new light on a pivotal moment in history now approaching its 75th anniversary told from the point of view of the men who inaugurated the Atomic Age in the New Mexico desert

**The Publishers Weekly** ,1925      **Shockwave** Stephen Walker,2023-11-21 A riveting minute by minute account of the World War II bombing of Hiroshima from early testing to the cataclysmic event and its aftermath On a quiet Monday morning in August 1945 a five ton bomb dubbed Little Boy by its creators was dropped from an American plane onto the Japanese city of Hiroshima On that day a firestorm of previously unimagined power was unleashed on a vibrant metropolis of 300 000 people leaving one third of its population dead its buildings and landmarks incinerated It was the terrifying dawn of the Atomic Age spawning decades of paranoia mistrust and a widespread and very real fear of the potential annihilation of humanity Author Stephen Walker brilliantly recreates the three terrible weeks leading up to the wartime detonation of the atomic bomb from the first successful test in the New Mexico desert to the cataclysm and its aftermath presenting the story through the eyes of the pilots scientists civilian victims and world leaders who stood at the center of earth shattering drama It is a startling moving frightening and remarkable portrait of an extraordinary event a shockwave whose repercussions can be felt to this very day      **Curses! Broiled Again!** Jan Harold Brunvand,1990-08-17 From the master folklorist and sly wit Jan Brunvand comes a collection of all new urban legends Did your cousin s wife s dentist s daughter go to the tanning parlor once too often and had her insides cooked Has your husband s brother s nephew teacher try to make a dead rabbit look alive If so you ve heard or you yourself may have told two of the seventy plus legends in this collection Urban legends are those bizarre but believable stories about batter fried rats spiders in hairdos Cabbage Patch dolls that get funerals and the like that pass by word of mouth as being the gospel truth But of course though often told as having happened to a FOAF friend of a friend they aren t true Included in this collection are legends about sex horror cars business and academia Among them are The Bible Student s Exam The Pregnant Shoplifter The Ice Cream Cone Caper Don t Mess with Texas and Mrs Fields Cookie Recipe      **Collier's Once a Week** ,1946      *The Publishers Weekly* ,1945      Books in Print ,1956      **Catalog of Reprints in Series** ,1958      *Booklist* ,1946
