## **Desk Study On The Environment In Iraq:**

*Desk Study on the Environment in Iraq* United Nations Environment Programme, 2003 This study focuses on the state of Iraq's environment following decades of armed conflict economic sanctions and the absence of environmental management principles in national planning It highlights options to tackle the environmental threats to human health from disrupted or contaminated water supplies inadequate sanitation and waste systems as well as for wider responses to address longer term environmental risks At present following the conflict in March April 2003 restoring law and order is a key priority for dealing effectively with humanitarian and environmental problems Environmental Health Perspectives ,2004-07 **Sustainable**

**Development in Crisis Conditions** Phillip J. Cooper, Claudia María Vargas, 2007-11-26 In the midst of great crisis it is difficult to contemplate the future In recent decades determining what kind of future to imagine has been an ongoing challenge for millions of people around the world who have been subjected to war terrorism and civil disorder While destruction of the environment has long been part of warfare it has become increasingly important as environmental pressures have intensified in our time Focusing on the challenges and issues that arise for those contemplating a way forward in the wake of catastrophic upheavals Sustainable Development in Crisis Conditions takes a broad based and integrative approach What emerges is that the post WWII reconstruction or nation building perspectives are inadequate and inappropriate to most of the contemporary post conflict challenges a successful response requires a sustainable development approach and Sustainable Development in Crisis Conditions is a preliminary exploration of this complex subject

**Assessing and Restoring Natural Resources In Post-Conflict Peacebuilding** David Jensen, Stephen Lonergan, 2013-02-15 When a country emerges from violent conflict the management of the environment and natural resources has important implications for short term peacebuilding and long term stability particularly if natural resources were a factor in the conflict play a major role in the national economy or broadly support livelihoods Only recently however have the assessment harnessing and restoration of the natural resource base become essential components of postconflict peacebuilding This book by thirty five authors examines the experiences of more than twenty countries and territories in assessing post conflict environmental damage and natural resource degradation and their implications for human health livelihoods and security The book also illustrates how an understanding of both the risks and opportunities associated with natural resources can help decision makers manage natural resources in ways that create jobs sustain livelihoods and contribute to economic recovery and reconciliation without creating new grievances or significant environmental degradation Finally the book offers lessons from the remediation of environmental hot spots restoration of damaged ecosystems and reconstruction of the environmental services and infrastructure necessary for a sustainable peace Assessing and Restoring Natural Resources in Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with
