 Stakeholder Summit EMOOCs 2023 The pandemic is fortunately over It has once again shown how important digital  
 education is How well prepared a country was could be seen in our schools universities and companies In different countries  
 the problems manifested themselves differently The measures and approaches to solving the problems varied accordingly  
 Digital education whether micro credentials MOOCs blended learning formats or other e learning tools received a major  
 boost EMOOCs 2023 focusses on the effects of this emergency situation How has it affected the development and delivery of  
 MOOCs and other e learning offerings all over Europe Which projects can serve as models for successful digital learning and  
 teaching Which roles can MOOCs and micro credentials bear in the current business transformation Is there a backlash to  
 the routine we knew from pre Corona times Or have many things become firmly established in the meantime e g remote work  
 hybrid conferences etc Furthermore EMOOCs 2023 has a closer look at the development and formalization of digital learning  
 Micro credentials are just the starting point Further steps in this direction would be complete online study programs or full  
 online universities Another main topic is the networking of learning offers and the standardization of formats and metadata  
 Examples of fruitful cooperations are the MOOChub the European MOOC Consortium and the Common Micro Credential  
 Framework The learnings derived from practical experience and research are explored in EMOOCs 2023 in four tracks and  
 additional workshops covering various aspects of this field In this publication we present papers from the conference s
