Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun guizzes Quiz Answers Etc Get a copy of this summary and learn about the book Instagram Marketing Secrets Donald White, 2021-02-17 55% OFF for Bookstores NOW at 12 14 instead of 26 97 LAST DAYS Do you want to win more customers Social media if used for business is a great way to market anything You can build trust with clients meet new customers interact with thousands and scale up earnings very quickly Businesses of today use social media all the time and have been for the last 15 years or so Why Because it works They use their own handle of course but they also use it to engage with customers in a more approachable way Once you know how to do these things customers will begin to rely upon you and your services and products I have made the book into sections so as to make it easier for you to have a quick view and reference point should you need it later on This will make it a lot better for you to know all there is about the other social media platforms and how they can help you to grow You will learn how to engage people and reach out within these different platforms and more When it comes to advertisements I got you covered with an easy to follow solution to photo and video ads smart phone users as well as various other neat tips The topics covered in this social media marketing guidebook will enable you to take your business to the next level This book covers Why Social Media is Getting a Primary Pole in Building Businesses Online Becoming an Influencer Starting a Business on Social Media Monetize Your Audience Facebook Marketing Facebook Ads Instagram Marketing Twitter Marketing YouTube Marketing Snap Chat Pinterest Marketing Things to Remember And much more Social media can be fun Remember that It can be so much fun to communicate on a daily basis with your customers finding out what they want from you and learning about your base You add more richness to your company and improve the most important relationship for any business your customers.
