Young People and Uncertain Futures? James Goring,Peter Kelly,2025-08-29 Drawing on Foucault s genealogical ethos and his work on power knowledge subjects this book analyses the ways in which neo liberal education apparatuses in Australia and other high income economies frame the problem of young people and uncertain futures The book critically examines the character of the presents and futures of education training and work and of the planet that have been produced in globalising neo liberal capitalism during the last four decades and which see in the development of young people s enterprise and aspiration the solutions to multiple crises and uncertainties It analyses how and why young people s behaviours and dispositions have been made knowable in these ways and the limits and possibilities that they produce for understanding what young people must be and become The book draws on post humanist feminist studies of techno science and futures studies to explore the promise of more socially just

and sustainable futures for young people A thought provoking study for scholars and students of the sociology of education and of youth and society it will be invaluable for policymakers governments NGOs educators and undergraduate and postgraduate students interested in young people and the crises of capitalism earth systems and the biosphere Who's who Among American High School Students ,2002 Students throughout the United States are featured representing sports from water polo to baseball from badminton to weight lifting from ping pong to roller hockey *Congressional Record* United States.
