[Future](#) Nicola Yelland, 2007 New technologies are dramatically changing the face of education and the nature of childhood itself. In *Shift to the Future*, Nicola Yelland examines the ways in which these technologies are reshaping the social, personal, and educational experiences of childhood and explores the curricular revisions such changes demand. With a focus on the various information and communications technologies (ICTs) available to young students and the possibilities these ICTs offer for teaching and learning, *Shift to the Future* provides inspiring examples of teachers who have innovatively incorporated new technologies into their classrooms to engage their students in contemporary times. Judith V. Boettcher, Rita-Marie Conrad, 2010-05-13 The Online Teaching Survival Guide offers faculty a wide array of theory-based techniques designed for online teaching and technology-enhanced courses. Written by two pioneers in distance education, this guidebook presents practical instructional strategies spread out over a four-phase timeline that covers the lifespan of a course. The book includes information on a range of topics such as course management, social presence, community building, and assessment. Based on traditional pedagogical theory, The Online Teaching Survival Guide integrates the latest research in cognitive processing and learning outcomes. Faculty with little knowledge of educational theory and those well-versed in pedagogy will find this resource essential for developing their online teaching skills. Praise for The Online Teaching Survival Guide: At a time when resources for training faculty to teach online are scarce, Judith Boettcher and Rita Marie Conrad have presented a must-read for all instructors new to online teaching. By tying best practices to the natural rhythms of a course as it unfolds, instructors will know what to do, when, and what to expect. The book is a life raft in
