Breaking the Matrix Conrad Riker, Modern society wants men weak. This book teaches you to fight back. Why do equality policies leave men bankrupt, powerless, and alone? How do you succeed when the system rigs dating, careers, and laws against you? What if everything you've been told about masculinity is a lie to keep you compliant? Unmask the hidden rules of power that govern sex, money, and status. Learn why toxic masculinity is a trap designed to erase male competence. Discover why biological truths outrank political correctness. Fix the dopamine traps: porn, simping, woke guilt, draining your ambition. Use Dark Triad tactics ethically to dominate career and social hierarchies. Reverse engineer female hypergamy to secure loyalty, not exploitation. Rebuild self-sufficiency through Spartan discipline, not therapy. Escape the digital wasteland of beta cringe and algorithmic humiliation. If you want to survive the collapse of modern society and thrive in the chaos, buy this book today.

*Education Strategy in a Changing Society* Martin Slattery, 2024-03-04. Placing the UK in a global context, this book engages with the emerging international debate on the future of education in the 21st century. It examines the post-pandemic paradigm shift in educational practice in countries around the world and presents international case studies of emerging future practice. However, while it embraces the global context and the mega forces therein, it is specifically focused on the challenges for education in England today and the potential strategies for moving forward to the all-inclusive, personalised, smarter, and lifelong learning needed for tomorrow. In doing so, it explores how the new curriculum models, new approaches to pedagogy, and new educational technology such as AI and even robotics might help to transform education in England, help level up learning, and help younger generations cope not only with the future as we know it but also the future that we don't. This book

will appeal to policymakers students and scholars interested in the sociology of education education policy international education international development and future studies as well as those with a general interest in Education in the future
