The Spatial and Economic Transformation of Mountain Regions Manfred Perlik, 2019-01-03 Mountain regions are subject to a unique set of economic pressures they act as collective enterprises which have to valorize rare resources such as spectacular landscapes While primarily rural in nature they often border large cities and the development of industries such as hydroelectric power and the rapid development of tourism can bring about sweeping socio economic change and vast demographic alterations The Spatial and Economic Transformation of Mountain Regions describes the socio economic changes and spatial impacts of the last four decades with the transformation of mountain areas held up as an example Much of the real world context draws on the Alps spanning as they do the significant economies of France Italy Germany Switzerland and Austria Chapters address academic discourse on regional development in these mountain areas and suggest alternative approaches to the liberal productivist societal model This book will be essential reading for professionals institutions and NGOs searching for counter models to the existing marketing approaches for peripheral areas It will also be of interest to students of regional development economic geography environmental studies and industrial economics

Re-thinking Mediations of Post-truth Politics and Trust Jayson Harsin, 2023-12-29 This collection reaches beyond fake news and propaganda misinformation and charismatic liars to explore the lesser publicized cultural forms and practices that serve as a cultural infrastructure for post truth society and politics Situating post truth in specific contexts as a site of contestation or crisis the book critically explores it as a dynamic and shifting site around which political and cultural practices in specific contexts revolve and overlap Through a breadth of perspectives the volume considers a number of overlapping cultural and political developments across varying national and transnational contexts changing technologies and practices of cultural production that sometimes shift and at other times reproduce authority of traditional institutional truth tellers seismic cultural changes in representations values and roles regarding gender sexuality

race and historical memory about them as well as corresponding reactionary discourses in the culture wars questions of authenticity honesty and power relations that combine many of the former shifts within an all encompassing culture of self promotional attentional capitalism These considerations lead scholars to focus on corresponding shifting cultural dynamics of popular truth telling and dis trust making that inform political culture In this more global view post truth becomes foremost an influentially anxious public mood about the struggles to secure or undermine publicly accepted facts This nuanced and insightful collection will interest scholars and students of communication studies media and cultural studies media ethics journalism media literacy sociology anthropology philosophy and politics

Intellectual Property Rights, Copynorm and the Fashion Industry Marlena Jankowska, 2023-12-22 This book traces the development of the fashion industry providing insight into the business and in particular its interrelations with copyright law. The book explores how the greatest haute couture fashion designers also had a sense for business and that their attention to copyright was one of the weapons in protecting their market position. The work also confronts the peculiarities of the fashion industry as a means of demonstrating the importance of intellectual property protection while pointing out the many challenges involved. A central aim is to provide a copyrightability test for fashion goods based on detailed analysis of the legal regulations in the USA and EU countries specifically Italy France the Netherlands Germany and Poland. The book will be of interest to researchers and academics working in the areas of Intellectual Property Law Copyright Law Business Law Fashion Law and Design.
