Design and Implementation of the Modern Men's Health Center Joseph P. Alukal, Steven Lamm, Thomas J. Walsh, 2020-10-15 This book outlines the approach to comprehensive men's health deployed at three of the most successful American men's health centers. It demonstrates the ways in which multidisciplinary care allows patients to easily access their doctors via coordination of care, same-day add-on visits, and streamlining of office logistics such as sharing of charts, reports, and results. Guiding readers in establishing an evidence-based multidisciplinary approach to the management of male patients of all ages, this volume shows how prevention, rapid intervention, cost efficiency, and coordinated care are at the forefront of a health center's care strategy. The authors of this volume are thought leaders in the disciplines of cardiology, gastroenterology, dermatology, psychiatry, and preventative medicine. **Design and Implementation of the Modern Men's Health Center: A Multidisciplinary Approach** enables urologists, medical subspecialists, and surgical subspecialists to both manage basic patient issues and also to understand how multidisciplinary care enables the success of a men's health center.

Building a New Leadership Ladder Carol J. Geffner, 2023-02-28 Strategies for transforming workplace cultures to support a new generation of women leaders. When it comes to the gender gap, it is not enough to ask women to lean in and demand promotions; organizations have an obligation to level up and provide women with more opportunities for advancement. In this book, leadership and governance expert Carol Geffner makes a strong case that for women to reach their full potential, workplaces and their leaders must take a more proactive role in combating gender discrimination. Based on over 200 hours of interviews with women leaders in the United States and abroad, **Building a New Leadership Ladder** demonstrates that even when women are promoted to leadership positions, they are rarely given access to the same support networks as their male colleagues. Covering sectors as diverse as higher education, health care, law enforcement, and the military, the book identifies common strategies that all organizations can use to remove obstacles for women's advancement. More than a how-to guide on how women can ascend to the top, **Building a New Leadership Ladder** is a bold call to action for organizations and their leaders to proactively foster the conditions under which women's efforts to rise up are consistently recognized and rewarded. Interviewer: Dr. Carol Geffner, Director of the Executive Master of Leadership Program at the USC Sol Price School of Public Policy. Interviewees: Alma Burke, former LAPD, currently head of security at USC; Yasmin Beers, former City Manager, Glendale, CA; RaShall Brackney, Chief of Police, Charlottesville, VA; Coco Brown, CEO, Athena Alliance SaaS company for HR; Mary Sue Coleman, chemist, interim president of University of Michigan, she previously served as president from 2002-2014; France Cordova, director of National Science Foundation; Tiffany Felix, Senior Vice President, Environmental Health and Safety, Paramount; Jennifer Grasso, LAPD's first female SWAT officer; Heidi Hammel, Executive Vice President of the Association of Universities for Research in Astronomy; Stephanie Jarvis, couldn't immediately confirm her current role; Nannerl Keohane, former president of Wellesley College and Duke University; Fiona Ma, California State
