The Personal and the Professional in Aid Work Anne-Meike Fechter, 2016-03-16 This book considers how the personal and the professional dimensions are related and how they matter for aid work The contributions to this edited volume are based on the assumption that all actors are relevant in development

including national and international aid workers A key question which the book explores is why the personal so often remains unacknowledged in development studies even though its salience for aid workers is well documented One possible reason is an implicit narrative of aid work as altruistic and self sacrificing which renders it inappropriate to devote much attention to the experiences of development professionals themselves In order to redress this this book critically considers the kind of difference they make and aims to understand how they respond to the challenges of their work The book explores their efficacy as human beings and employees with individual subjectivities social and cultural beliefs and practices and documents how these shape their involvement in development processes This book was published as a special issue of Third World Quarterly

The Future of Human Resources Tim Baker, 2022-06-16 Warp speed change is now a constant What do organizations need to do to maximize the potential of their employees in the new reality The tired cliché that employees are our greatest asset is false It's unlocking the potential of employees that's the greatest asset **THE FUTURE OF HUMAN RESOURCES** confronts the conventional employment practices of selecting inducting developing rewarding and exiting employees This book is a comprehensive blueprint for HR professionals to make the necessary changes to accommodate a new mentality Thirteen traditional practices are challenged and fresh practical pathways offered Dr Tim Baker according to leadership guru Marshall Goldsmith is one of today's most influential HR experts He offers new insights about what's still considered conventional wisdom such as employee induction the job description and succession planning **THE FUTURE OF HUMAN RESOURCES** provides you with a roadmap to navigate the post Covid world of work

After the Pandemic Randy Whitaker, 2022-10-10 Many things define a job seeker experience education first impressions connections passion and the value you might bring to the company you wish to work for For decades the perceived ideal candidate would have all of the above most of the above however a good candidate would have a four year college degree To a great extent an employer still would like someone with a four year college degree However I believe this is changing The need for those who work with their hands and those who are willing to work their way up through the various levels of an organization is becoming more and more desired by companies The time it will take you to earn your degree you could be making a nice living and will have accrued zero debt in the process Plus after working in an industry of your choice something you do have an interest in even a passion for you may be on equal footing with a newly hired college grad based on the four years you have been working in your industry of choice as you continue to work your way up through the company You will find the more value you bring to a company the more they will look to you to assume great responsibility Typically the more responsibility the greater the paycheck What makes this book timely is the fact as COVID 19 winds down we are seeing many labor shortages in many areas and industries Now is the absolute best time to go to an industry experiencing a labor shortage or enter one of the numerous industries researched in this book and get yourself the job you always wanted without the cost and time involved with getting a four year college education I have nothing against getting a degree and there are still many fields where they

will always be mandatory however the trades service industries government railroads law enforcement plus many others will welcome you with open arms without the need for a four year degree I hope this book helps *The High Maintenance Minimalist* Kashlee Kucheran,2017-12-04 Who says minimalism has to be boring She quit her 200k job and sold it all to travel the world Kashlee Kucheran had a glamorous life The house dream job the fantastic wardrobe Discover the soul crushing moments that lead to Kashlee letting go of everything she knew for a life of experience rather than materialism Her inspiring how to guide delivers real world advice on how to clear out all the clutter and live a freedom based life Through hilarious stories and insightful guidance this book will teach you step by step how to Declutter downsize and erase debt Finally get your finances in check Favor experiences instead of stuff Create an awe inspiring bucket list Earn an income while exploring the globe Learn your true passion and calling in life This book is a must read for anyone looking to have more freedom in all aspects of their lives It s packed with tools that you can start using from day one it s hilarious and it s real The book is hands down the best and most practical guide to having more control over your mindset and finances that I ve ever read Natalie Ellis Serial Entrepreneur CEO of Boss Babe Inc With Kashlee s in depth workbooks and no BS attitude you ll learn everything there is to know about embracing modern minimalism and the power that comes with it The joy the freedom and the happiness The energy to embrace your inner wanderlust and make life a journey not a credit card driven prison sentence Wake up and realize how capable you are without the all the crap **Work Life Well-Lived** Kelly Mackin,2024-04-02 This book will disrupt how you think about creating your best work life and workplace and give you a no B S road map to get you there What you ve been taught about how to find health and happiness at work is inaccurate Yep it s wrong If you are fed up with the overwhelming and conflicting noise around how to create a fulfilling professional life or be a leader people actually want to work for this book will help you cut through the clutter once and for all Through years of research and truth finding Kelly Mackin and her company Motives Met have discovered a completely new mindset and approach around what well being at work is all about how to get there and why it s so important that we do get there This book is a transformative personal guide but it s also a call to action for a fundamental shift in our approach to work a manifesto for a human centered work world The heart of humanizing work is honoring that we are human beings at work with human needs and these needs what Mackin refers to as motives should be healthy and ideally thriving Ill being still drastically overshadows well being at work but using Mackin s proven framework and 5 step pathway we can change that You will become empowered to Elevate happiness mental health and well being for yourself the people you work with and those you lead Learn to be mindful of evaluate and communicate motives to ultimately meet them Create a people first culture where employees thrive and business thrives Overcome well being obstacles by eliminating the dream killers that threaten a human way of working Ditch surface level connection and friction for more meaningful work relationships with psychological safety and trust And so much more EXCLUSIVE HUMAN NEEDS ASSESSMENT CODE Are your motives met With your book purchase you will receive

your code to take the Motives Met Human Needs Assessment to uncover your top 5 motives the psychological emotional and social human needs driving your ability to thrive at work today The assessment reveals the unique truth of well being for yourself your team and organization This book is a breath of fresh air that isn't about chasing perfection or some unrealistic ideal it's about embracing what is genuinely possible It's about the attainable dream of a work life well lived for all **Work at Home with a Real Online Job** AnnaMaria Bliven,2016-03-02 Find the Job You Want Today Are you a work at home mom or dad retiree or disabled person hoping to earn a little extra to make ends meet Are you seeking a legitimate rewarding online job you can do from home Do you dream of being in charge of your own schedule income advancement destiny If you said yes to any of these questions this book is for you In *Work at Home with a Real Job Online* you can find just the right job schedule income and future with the help of a leading expert in the field of online job success and prosperity AnnaMaria Bliven Known as the Prosperity Princess by thousands of people she has helped Bliven has poured her latest and greatest practical proven effective insights into this one information packed no filler easy to use volume In these pages you'll find Hundreds of real jobs with quality companies at your fingertips Pro tips and advice on how to find these jobs get hired keep the job you find and advance in it Opportunities for people of all ages and stages teenagers college students work at home moms and dads military veterans retirees the disabled those with background credit issues and more Positions to match just about any interest passion potential or skill set game tester customer service agent educator data entry specialist nurse medical coding specialist transcriptionist translator interpreter artist writer computer technologist and many more Get your copy of *Work at Home with a Real Job Online* today start working tomorrow **Network World** ,2002-03-04 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce **The Kovacs Guide to Electronic Library Collection Development** Diane Kaye Kovacs,Kara L.
