Degirmencioglu, Council of Europe, 2011-01-01 Inequality limits young people's chances in life. Yet equality is the basis of democracy and Article 14 of the European Convention on Human Rights secures the rights and freedoms of the young without discrimination on any ground. Research shows that inequality in opportunities wealth or health for example is widespread in Europe and that the citizens of richer countries do not necessarily have healthier profiles than those of poorer countries. The citizens of egalitarian countries on the other hand have the highest life expectancy. This book examines many aspects of inequality and opportunity for young people including schooling employment social exclusion labour migration trafficking disability cultural and religious discrimination youth work and opposition and resistance.
