Untethered Nathan James Thomas,2023-09-20 The dream of being a digital nomad has inspired many to quit their jobs and attempt to live a life that is global and free of the daily 9 to 5 grind To travel to exotic lands meet interesting people and enjoy limitless adventure all while earning money from a few strokes of the keypad But many find themselves frustrated in pursuit of this dream The realities of a digital nomad life are far from simple and with the pandemic of 2020 and ongoing global uncertainty the complexities of life on the road have become even more challenging to navigate Yet with these challenges have come opportunities remote work is no longer an exception but a very real option within reach of many of us With more and more businesses being started and with corporations having a seemingly endless appetite for new talent the opportunities for workers to establish themselves as digital nomads are abundant In Untethered you'll learn exactly what it takes to engineer a digital nomad lifestyle in a post pandemic world With travel stories and case studies interlaced with clear real world guidance you'll discover whether the digital nomad lifestyle is for you and equip yourself with the tools to create your own location independent life [How To Be A Digital Nomad](#) Ida Tash,2021-04-26 How To Be A Digital Nomad Learn How You Can Start Work Online While Travel The World Hey Fellow Reader I'm Ida a Digital Nomad and online marketer I love travel And I've been a Digital Nomad Experiencing Outdoor travel as well Meanwhile I love travel I love to keep myself girly as much as possible on a budget while traveling I have learned a lot since the past few years and I'll share all the things I've learned into this manuscript Here is a part you'll find inside this book What is a Digital nomad A digital nomad lifestyle is becoming more of the trend and this article will tell you what a digital nomad is and the realities of a Location Independent Business What is a digital nomad and why are there so many people who want to work this way A digital nomad is essentially a person who works for himself Many work at home mothers do this and are known as Full Time Gigs Others work as freelancers and do things a specific way like transcribing editing proofreading or programming However some digital nomads work for service companies and do things like web design web programming accounting creative writing or

translation Those who work a digital nomad lifestyle do not work for a company or boss but instead work for themselves They set their own hours and follow their own rules It is difficult to be self employed in this society because you have to rely on the wills of others and your courage to set up your business However it is not impossible and there are different ways to be self employed which can provide you with more freedom and flexibility while still bringing in some money If you want to work at home then this is the technology which is enabling the change and it is allowing nomads to work from home Companies are recognising the potential of this new method of working and the first areas to embrace the new way of working are the legal ones However it is not just the legal firms and public sector which are looking to employment technology in order to cut costs Almost every type of industry is looking at using technology in order to lower costs and in this way increase profits For example restaurants are using recruitment technology in order to lower salaries and costs Until a few years ago when every restaurant had a fixed cost of hiring training and maintenance the vast majority of restaurants were able to pay 100% of their employees salaries This meant that it was possible to pay a manager less than a waiter and save money However with the inclusion of recruitment technology the cost of hiring employees is being cut by up to 50% This does not necessarily mean that the amount of profit is increased but employees are able to be assigned to different tasks meaning that they spend less time in front of customers thus increasing their profits Interested to know more Then Scroll up Click on Buy now with 1 Click and Get Your Copy Now
