Creator's Economy in Metaverse Platforms: Empowering Stakeholders Through Omnichannel Approach Singla, Babita,Shalender, Kumar,Singh, Nripendra,2024-02-26 In the era of the metaverse a big challenge permeates the digital landscape a challenge that resonates both with creators seeking to thrive in this dynamic space and policymakers attempting to navigate its uncharted territories Creators driven by innovation grapple with a myriad of uncertainties in monetizing their virtual content effectively Simultaneously policymakers find themselves at a crossroads caught between the rapid evolution of the virtual realm and the lack of clear regulatory guidelines This struggle is exacerbated by the issue of cybersecurity threats that cast a shadow over the metaverse s transformative potential It is within this context of challenges that Creator s Economy in Metaverse Platforms emerges poised to tackle the pressing issues

at the intersection of creativity regulation and the ever expanding metaverse **Creator's Economy in Metaverse Platforms** dissects analyzes and offers solutions to the multifaceted challenges prevailing in the metaverse By addressing fundamental questions about the creator economy the elusive concept of the metaverse economy and the indispensable role policymakers play the book provides a holistic understanding of the landscape Delving into topics such as stakeholder engagement digital asset management and the intricacies of various monetization models it equips readers with actionable insights Not content with a reactive approach the book takes a proactive stance offering solutions to foster interoperability and create an ecosystem where creators and policymakers can mutually thrive It envisions not just a book but a catalyst for transformative change in the metaverse **De Gruyter Handbook of Creative Industries** Louis-Etienne Dubois,Laurent

Simon,Bérangère Szostak,2025-09 This handbook offers rich and diverse discussions of key topics in the field and is disciplinary agnostic and in tune with empirical manifestations It spans multiple perspectives including but not limited to management cultural studies economic geography sociology gender studies critical race disability and communication studies A range of contributions is included from historical perspectives to emerging debates in addition to work on key current issues It moves beyond the industry of creative industries to also document and examine the ways that industry shapes identity and community and how industry is shaped by external forces In a sector that is particularly prone to disruptions be they social cultural legal or economical this handbook reflects the current state of the creative industries

Global South Creator Cultures Tugce Bidav,Smith Mehta,2025-12-15 Global South Creator Cultures situates creator labour within the geographic specificities of nation states and examines the working conditions of social media creators and the geographical challenges of their work offering a four part conceptual framework for studying creator cultures Rather than placing creator cultures in the Global South against those in the Global North to produce a series of binaries it prioritises expanding our frames of reference for studying creator labour It does so by examining creator cultures in India Turkey Brazil Chile Pakistan Nigeria Hong Kong and China through approaches from media communication and cultural studies as well as internet platform and creator studies Rich with grounded subjective experiences of Global South creators this collection is essential reading for students and academics of media communication and cultural studies and appeals to anyone interested in understanding the complex relationship between nation states social media platforms and creators

Learning, Teaching, and Social Media Andrew McWhirter,2024-01-31 Employing a unique generational approach this book critically assesses social media in educational contexts across all educational levels from primary and secondary schools to further and higher education proposing a schema for social media literacy SML Using research obtained from fieldwork observations conducted in online teaching groups surveys and in depth interviews with teachers and educators on the topic of social media and education chapters interrogate the historical relationship between educator and learner and use the frame of expert methodology to understand what educators themselves consider important about social media and education

relative to their sectors Bringing together current literature from education learning and media technologies along with longstanding debates around technological influence chapters also draw on audience and communication studies psychology and arts and humanities at a time when many different disciplines are trying to understand what social media means to our society This interdisciplinary volume will be of great interest to academics researchers and postgraduates in the fields of technology in education media literacy and critical digital media Practitioners involved in the sociology of education will also find the book of use
