A Sleepwalker's Guide to Social Media Tony D. Sampson, 2020-07-09 Positing online users as sleepwalkers Tony Sampson offers an original and compelling approach for understanding how social media platforms produce subjectivities Drawing on a wide range of theorists including A N Whitehead and Gabriel Tarde he provides tools to track his sleepwalker through the dark refrain of social media a refrain that spreads through viral platform architectures with a staccato like repetition of shock events rumours conspiracy misinformation big lies search engine weaponization data voids populist strongmen immune system failures and far right hate speech Sampson's sleepwalker is not a pre programmed smartphone junkie but a conceptual personae intended to dodge capture by data doubles and lookalikes Sleepwalkers are neither asleep nor wide awake they are a liminal experimentation in collective mimicry and self other relationality Their purpose is to stir up a new kind of community that emerges from the potentialities of revolutionary contagion At a time in which social media is
