Essential Virtual Team Building Ideas For Beginners:

Big Book of Virtual Teambuilding Games: Quick, Effective Activities to Build Communication, Trust and Collaboration from Anywhere! Mary Scannell, Michael Abrams, Mike Mulvihill, 2011-12-16 Get remote team members to interact as if they're in the same room. Whether you're videoconferencing with team members across the world or e-mailing a colleague sitting ten feet away, the truth is evident: technology has permanently altered the way we communicate. The virtual workplace can facilitate quicker decision making and reduced overhead. But the lack of face-to-face interaction can also impede trust, innovation, and creativity among team members. The Big Book of Virtual Team Building Games is packed with games and activities for developing productive virtual teams across all digital platforms including e-mail, mobile devices, web-based conferencing tools, and social media sites such as Facebook, Twitter, and Skype. The Big Book of Virtual Team Building Games helps you build a greater sense of community and reduce conflict. Increase levels of engagement. Get the most out of more introverted team members. Boost team members' productivity. Make sure that the only thing separating your people is distance. The Big Book of Virtual Team Building Games is just the tool you need to develop trusting relationships, foster clear communication, and use technology to enhance the team's connections.

Handbook of Organizational Creativity Roni Reiter-Palmon, Sam Hunter, 2023-06-22 Handbook of Organizational Creativity: Individual and Group Level Influences, Second Edition, covers creativity from many perspectives in two unique volumes including artificial intelligence, work creativity within specific applied domains (e.g., engineering, science, therapy), and coverage of leadership. The book includes individual, team, and organizational level factors and includes organizational interventions to facilitate creativity such as training. Chapters focus on creative abilities and creative problem-solving processes along with individual differences such as motivation, affect, and personality. New chapters include the neuroscience of creativity, creativity and meaning, morality, ethicality, and creativity and creative self-beliefs. Sections on group-level phenomena examine team cognition, team social processes, team diversity, social networks, and multi-team systems and creativity. Final coverage includes different types and approaches to leadership such as transformational leadership, ambidextrous leadership, leader-follower relations, and more. Focuses on the key need to increase creativity and innovation in organizations. Identifies the factors influencing organizational creativity. Includes individual, group, and organizational influences. Identifies personality traits and beliefs affecting creativity. Discusses problem-solving processes, idea evaluation, and divergent thinking. Contains new coverage of virtual teams, creative meetings, and multi-team systems. This expanded second edition is divided into two volumes.
